Thank you for bringing this matter to our attention. My organization discussed that we would be providing these email addresses to The Leadership Council. Indeed, it appears that The Leadership Council and the Senate Republican Campaign Committee (SRCC) have both amended their March reports to reflect that the email list and associated value was an in-kind contribution to The Leadership Council, not SRCC. It was and is my understanding that a nonprofit corporation such as Shift Washington is permitted to make contributions to certain political committees like The Leadership Council in excess of \$1000 per calendar year.

Given that both committees share a Treasurer (whom I know well), I likely informed the Treasurer of the value of the email list in a phone conversation and the amount was inadvertently recorded in the wrong committee's records.

Please let me know if I can be of further assistance.
