Bring these two planks to Caucuses and VOTE!

Civil Liberties Medical Directive Platform Plank

WHEREAS, the medical, mental health and social services field often fabricate life and work histories; and,
WHEREAS, there is no official documentation for abilities, strengths, and work histories; and,
WHEREAS, there is no official paging of information or transfer option through a medical or work ability directive system.

THEREFORE, all states require doctors in the medical field to transfer citizen directives before any medical court, or other courts involved in the involuntary commitment of a citizen.

Work History Portfolio Copyrighting Platform Plank

WHEREAS, employers often require work histories beyond 7 years; and

WHEREAS, work history documents are only required to be kept for 7 years by businesses; and,

WHEREAS, most businesses shred documents immediately after 7 years due to storage, maintenance, and other costs; and,

WHEREAS, individuals fabricate work histories and documents with false credentials that create liabilities for businesses and public entities.

THEREFORE, to create a regulation that provides all students and workers the option to request all work experience and letters of recommendation be copyrighted by the business, public entity, or employer to supersede seven-year retention schedules at the cost of the worker requesting the copyright and not the business, federal, state, or local government paying the cost.
