It is of utmost importance to myself as a candidate to follow all rules and regulations set forth. Below is the timeline of what I did as a candidate

June 1 - Downloaded software and
June 24 - received an email of notice
June 26 - Called Steve Gardner (Elections) and he explained that PDC was a separate entity. Went to PDC website to filed.
June 27 - received an email stating confirmation of F1 file had been received confm # 100912904

Because I am running unopposed, I have no budget or staff. There has been no treasury to file because I do not have a treasurer and no bank accounts set up for my campaign, nor was there any other names that need to be a file in regards to my campaign for the primary elections for Central Kitsap School District Board Director of District 3. I gave total disclosure on my finances on the paperwork I filed including not having any assets and my child support with New York State.

I made sure I documented every step of my registration and things that to ensure that I did not miss important filings or registration that needed to be met. I replied to all emails that were sent to myself regarding the processes that needed to be followed. I read the PDC book and I did not see anything else to my knowledge that I needed to file for as a school board candidate. The only major change I made was the mailing location of a potential campaign office because I was not assured if I was running against an opponent. I used a potential volunteer's address for a possible campaign office. Because I did not have an opponent I change the address to the Silverdale Post Office.

To my knowledge I have complied - If I missed a step please point out what step was missed and how it pertains to my campaign for Central Kitsap School District Board Director of District 3. I hope this satisfies Mr. Parker inquiry as well as the PDC.

I thank you and look forward to hearing from you soon.
