It is my opinion that the alleged campaign sign violation is without merit.

In putting up my signs I feel that It is implied that I am running "for" and want to be "elected" to the office of PUD Commissioner. Of which there is only one Commissioner seat open in Pacific County.

My 42 years of Electrical Utility Experience talks about my past work ethic and dedication to the Electric Utility Companies for which I have worked.

In no way do I feel that my signs reflect that I am the incumbent for this position. My signs say nothing about "re-elect" or being the current commissioner.

Thank you
Don Pape
