The first edition had no partisan affiliation designated. What impact does the alleged violation(s) have on the public?
Not stating political affiliations may be confusing to voters and violates PDC rules. Regarding WW County Commissioner Tompkins, he is using taxpayer dollars on a public site to campaign in a partisan way. The public site expends money, resources and time by our elected representatives and/or their staff, paid for by tax monies in violation of PDC rules.
List of attached evidence or contact information where evidence may be found
We have submitted several photos of Dozier sign without a designated party affiliation.

List of potential witnesses with contact information to reach them

Really? It takes courage to risk coming forward in a very Republican political environment. The incontrovertible evidence has been provided to PDC.

If required, it would take considerable time to gather witnesses and convince them to risk exposure by coming forward.
