**Description:**

Hello Tabatha,

In re: PDC Case Number **89166**.

I have made only one report (April 17) since I signed up with the PDC because I have had nothing to report. I have been setting up Facebook, my website and talking with folks prior to filing for office. Prior to April 16, I have had no contributions or expenditures. I signed up for a website service and the first 4 weeks have been a free trial. Going forward, I will be billed \$37/month. I am a writer, graphic designer and web content specialist, so I create my own materials and do not need to hire anyone for that. I haven't placed any orders for any other materials or services yet. I watched the ORCA video this Saturday and set it up as I am now ready to start receiving donations. I haven't filed for office yet, as we don't file until mid-May. I received my first donation on Saturday, and filed the report. Am I supposed to be filing a report if there is no activity? If so, I can go back and file one for each week. Please advise. Thank you.

Best,

Janice Deccio
