To: "PDC Support" <pdcc@pdcc.wa.gov>

It is not clear from the email how to respond to the attached complaint on the PDC Website. Therefore, I will submit my response in this email so there is record that I responded immediately to this frivolous allegation.

To the allegation in the email below, that there was a "Violation of RCW 42.17A.555 for misuse of public facilities"

My response is that this is a frivolous violation. As a first-time filing there is a bit of a learning curve in the filing process for any election my computer auto-populated my school-board email. I rectified this issue less than 24 hours after filing with a private email dedicated to this campaign without any compulsion from anyone else as I realized what had happened on my own. As any school board director email is public document, it is evident that no emails were sent or received in the less than 1-day period that the school-board email was connected to this account. Therefore, there is no violation to this RCW as the school board email was not actually used for the campaign.

Sincerely,

Jeremiah Campbell
