To: "PDC Support" pdc@pdc.wa.gov

As directed by the PDC representative I contacted by phone today, this is my written response to the hearing. I contacted her originally because of an email I received from PDC on July 9 stating that "**July 13** is the deadline for candidates and committees to submit **the 21-day pre-primary C-4** report covering June 1 through July 12". I was informing her that I wasn't running for any further office and I resigned as of June 31, 2021 my Council position because of family health issues. I am leaving for a trip to southern California tomorrow morning and won't be able to attend the meeting. I will not have a computer with me either to attend remotely. Therefore, I am sending this written response as suggested by your staff.

I went back and looked at my emails for the June 29th email PDC regarding the F-1 filling requirements. That was my last official day of being a Council member and I turned in my City laptop so was unable to see the email sent to me at the City. June 15th was my last Council meeting and was the last time I was involved in the City or checking emails. I found the email you sent to me on this personal email account in my deleted files. I must have automatically deleted it as junk mail since I was no longer a Council Member.

I was not aware that I had to do any F-1 filing and was not told so by the City Management staff. I was appointed to fill a vacated position by the Council on February 4, 2010. I my position as of June 29th 2011 do to the need to take care of a family member that as ALS needing continued assistance do to loss of speech and motor control. I could no longer devote my time to the City. I apologize for the latent filing of the F-1 form which I did today and would have done so sooner if I had been aware of it and not so preoccupied with caregiving. I wish the City staff had informed me of the need. It is my hope you accept this explanation.

Thank you for your consideration,

Chuck Price
