Complaint Description
<p><u>Kenton Gartrell</u> reported via the portal (<i>Tue, 13 Jul 2021 at 1:21 PM</i>)</p> <p>The committee to elect Sam Johnson failed to properly disclose expenditures and income necessary to show a proper and accurate expense of a mailer in a timely manner. This mailer hit doors today July 13th which means this expense was made atleast a week prior in printing and mailing approval to be sent and delivered with 3-5 business days. Not a single stamp is reported, not a single letter mailer was reported expense wise, not a single print expense was reported or dated, and where it came from was never accurately portrayed either in a timely reporting manner. This also grossly shows that income either from the candidate itself was used or a donation was never reported as the expense for a mailer in that population far exceeds the income shown on said candidates intake and expenses.</p> <p>D10D67AA-8C13-46D1-832D-A5AF5B8DF581.jpeg 492.95 KB</p> <p>620BD1B0-EAE8-4088-B5E7-D3456C66BB42.jpeg 466 KB</p>

The public needs to know how this campaign is spending their money, if this campaign is concealing expenditures from the public, if vendors are concealing their assistance to this campaign, who is paying for the website, and the public deserves an answer.
List of attached evidence or contact information where evidence may be found
Mailer sent through the post office and paid for by the post office in which was sent to the entire district 6 voter base in Yakima Washington for city councils. Not only does this take weeks to prepare and get approved aside from printing.... It is also a great expense not showing on said reports to mail this many even at \$.30-35 a letter presumably.
