To whom it may concern,

We spoke with the compliance officer & the filler assistant, and have updated accordingly:

The campaign funds categorized as "surplus funds account" for the 2 transactions mentioned were meant to be as "refunding contributions". The 2 transactions for \$500 were for Ara Papyan and Vladimir Mironyuk. The transaction for Armen Papyan was supposed to be a loan repayment. We have amended the C3 report #110086579 as a loan instead of a cash contribution.

Furthermore, this complaint statement is misleading, "two of the transfers appear to be to a Surplus Account for himself". These were two 2 refund transactions to 2 different people and not to 1 individual. These transactions are for "refunding contributions". We have amended the C4 Report #110068138 Amended by: #110086580 to accurately reflect our campaign finance expenditures. These were not illegal transfers.

Thank you PDC staff for your support.

Best, Armen Papyan
