Micaiah Titus Ragins,

I have reviewed the information in the allegations with our records and do not dispute the accuracy of the filing dates.

The Executive Committee of the Pacific County Republican Party has implemented additional oversight to the Treasurer since June of 2017 to ensure that all reporting is filed by the appropriate date. We fully understand the importance of the State's campaign finance disclosure laws in ensuring fair and honest elections and are committed to making our submissions on time in the future. We regret that some monthly reports in 2016 and 2017 were inexcusably not filed on time, and are committed to making sure it does not happen again.

Thank you,
Brett Malin
Treasurer
Pacific County Republican Party
