

## File a Formal Complaint - Joe Kunzler

[Joe Kunzler](#) reported (Thu, 4 Jan at 12:20 AM) via Portal Meta  
Dear Washington State Public Disclosure Commission;

It's four days into 2018 and *already* Alex Tsimerman is running around trying to hijack public comment periods to campaign. This time for the US Senate where as part of Tsimerman's intro he said, "Candidate for US Senator, this is my eighth election" and also brought up his campaign sign to the dais as Tsimerman does to Sound Transit. A clear violation in my mind at least of RCW 42.17A.555 - the don't use public facilities for political campaigns RCW.

As you can watch on the YouTube I made at <https://youtu.be/OCsPcvLZEB0>, under the attempted cover of "giving advice" to the Tacoma City Government Deputy Mayor as [Tsimerman used an appointment to smack around then-Mayor Strickland for stellar policing of the Sound Transit Board last October](#), Tsimerman then gave his usual campaign planks as per [his campaign website http://alexforamerica.com/index.php/statement/](#) . Rambling off things like calling Seattle "the epicenter of fascism" and making reference to a "Nazi-social democrat-mafia with progressive gestapo principle."

Tsimerman after a few interruptions and being told to stop seeking to "give advice" demanded the Deputy Mayor join him in, "Stopping Sound Transit". Again, more hijacking of the public comment period.

Sadly when addressed the Clerk of the City Government of Tacoma Doris Sorum lacked the courage to interfere. Only a few brave City Councilmembers and eventually the newly minted Tacoma Mayor stood up while as per my interpretation of the video Doris *cowered*.

The fact I have heroes of mine who work at Sound Transit - including someone I affectionately consider the "Russell Wilson of Sound Transit" who will be working very hard to bright light rail to Tacoma - are hoping assistance to stop this bully Alex Tsimerman will arrive is ***most certainly*** a factor in me coming forward.

It might be about time *please* the State PDC considering this is the second PDC complaint regarding Alex Tsimerman's misconduct in the past sixty days that direct contact be made with Alex Tsimerman *please* regarding RCW

42.17A.555 and compliance with that RCW. I also think considering it is *highly likely* Alex Tsimerman will be harassing the Tacoma City Council to spew campaign talking points indefinitely without action that the Tacoma City Council please receive a polite reminder letter about the importance of compliance with RCW 42.17A.555. Hoping to stiffen some spines down there to not go back and forth with this clown Tsimerman but just yank out the ban hammer.

It also may be time for the City Government of Tacoma (and Sound Transit) to have a code of conduct for its facilities so they can "no trespass" Alex Tsimerman for his disruptive hijacking of public comment periods. The City Government of Seattle under the courageous leadership of Councilmember Lorena Gonzalez took the fight to Alex Tsimerman and by implementing the City's code has sanitized their skies until mid-July.

Personally I'd rather spend tonight (3-4 Jan 2018) on the flight simulator, but I feel asking for a reminder letter from the PDC please was a better use of my time and talents. Thank you for understanding.

If anybody wants to discuss this complaint with me, my e-mail is [growlernoise@gmail.com](mailto:growlernoise@gmail.com). Thank you.
