Hello Tabatha, Thank you for your assistance in amending my PDC filings. Here is what I have done:

Added both organization/businesses in my F1 as required and with the specific period of reporting. • The WA State for-profit corporation Somali Community Seniors Center, Inc from 7/14/20 – present • The WA State non-profit corporation Perihelion Community Solutions from 8/8/22 – present

Both of these organizations have not provided any services to the target audience or earned any income for the last 3 years. As mentioned in our conversation, Hawa Egal isn't my spouse; we divorced almost 25 years ago. Regarding my adult children, they live in the city of SeaTac with their spouses and children. I have one child living with me and he doesn't fall in the PDC reportable requirements.

Again, thank you for your support.

Mohamed Egal.
