Complaint Description
Glen Morgan reported via the portal (Thu, 15 Jun 2023 at 12:03 AM) To whom it may concern, It has come to my attention that the Washington Education Association PAC has violated Washington State's campaign finance laws (RCW 42.17A) once again. The specific violations are as follows: 1) Attempt to conceal critical details of in-kind contributions from the public (Violation of RCW 42.17A.240) It appears that the Washington Education Association PAC has been violating RCW 42.17A.240 when it comes to how they have concealed critical information and details about in-kind contributions from the public. Specifically, I want to draw attention to the PDC's own website recommendations for how PACs and campaigns need to report this information. See original link here: In-Kind Contributions Washington State Public Disclosure Commission (PDC) Specifically, I want to draw attention to the PDC's specific requirements of reporting: <i>"In-kind donations that are not incidental must be fully reported in Part 1 of Schedule B to the C-4 with the following details:</i> <i>the date the contribution was received;</i> <i>the name and full address of the contributor;</i> <i>if the in-kind contribution is a good or service purchased from a vendor, include the name and address of the vendor;</i> <i>a brief description of the contribution;</i> <i>its fair market value;</i> <i>the cumulative total this contributor has given for the primary or general election, whichever applies;</i> <i>a designation whether this contribution is for the primary or general election; and</i> <i>if the contributor is an individual who has cumulatively given more than \$250 to the campaign, including both primary and general contributions,</i>

identify the individual's employer (by name, city and state) and occupation.”

While I might have missed some of the in-kind contributions where this PAC failed to provide these legally required details, I have attached a partial list of at least 460 specific in-kind contributions as examples of where this PAC chose to violate the law instead of complying with it. I've attached this as a PDF and as an Excel file for staff convenience. Please note, I have linked the respective C-4 report corresponding to the illegally reported in-kind contribution in the far right column for easy verification by staff and as a correctional resource for the WEA-PAC.

Obviously, the WEA-PAC must comply with the law, regardless of their personal feelings about that law or how annoying compliance with that law probably seems to them. Clearly, this is a lot of critical information that has been concealed from the public, and many people will be carefully watching (including me) to confirm that they finally become compliant with the law.

WEA-PAC – A sorry history of breaking the law

I will point out for the record that this PAC is well versed in the campaign finance laws, they have more than adequate financial resources to comply with these laws, and plenty of legal counsel to help them interpret the clearly written and well-reasoned aspects of Washington State's campaign finance laws. Despite this exceptional advantage this well-funded PAC has compared to most political committees in the state, it appears lawbreaking comes easily to this operation.

For example, a few years ago in 2018 I caught them breaking the law – see **PDC Enforcement Case #29104**. Unfortunately, at the time, before the 2018 changes to Washington State campaign finance laws were implemented, I was forced to commence a Citizen Action Notice case against the WEA-PAC at the time since no enforcement actions were being taken by either the PDC or the AG's office at the time.

This resulted in a settlement of \$16,438 with another \$2,916.08 of attorney's fees (**See Thurston County Superior Court #18-2-02884-34 – State of Washington ex rel Glen Morgan v.WEA-PAC**). I've attached a copy of the original complaint in that case.

It is my sincere goal that this well-funded PAC can eventually become compliant with Washington State's campaign finance laws and the very reasonable, clear expectations that are so transparently provided to these organizations to help them follow the law. I'm hoping this complaint helps this PAC get closer to this goal and the attainment of this goal which I am sure is just around the corner, someday.

Perhaps the PDC can find another enforcement vehicle to help provide incentive to large PACs like this one which might include more than a strongly worded letter.

Let me know if you need additional information on this one.

Best Regards,

Glen Morgan

What impact does the alleged violation(s) have on the public?

The public has a right to know the truth about the real source of in-kind contributions, even if a mega-dollar PAC wants to conceal that information from the public.

List of attached evidence or contact information where evidence may be found

Spreadsheet including the 460 non-compliant in-kind contributions - in both excel and pdf files are included and an example of a past complaint that resulted in a \$19,000 settlement for reference and an example of past lawbreaking

List of potential witnesses with contact information to reach them

There is probably a well-staffed team of people at the WEA-PAC who are willing to chat about this violation.

Certification (Complainant)

I certify (or declare) under penalty of perjury under the laws of the State of Washington that information provided with this complaint is true and correct to the best of my knowledge and belief.

To Whom it May Concern --

It has come to my attention that the WA Education Association PAC, Armand Tiberio, its officers, its treasurer, subsidiary organizations and its parent organization the Washington Education Association (hitherto collectively referred to as "WA Education Association PAC") have habitually and willfully committed frequent and multiple violations of **RCW 42.17A**. Additionally, I have reason to believe that other violations of this chapter have occurred beyond what I have identified below.

1) Failure to file accurate, timely C3 and C4 reports. (Violation of RCW 42.17A.235)

State law requires that candidates and committees file frequent, accurate reports of contributions, expenditures, in-kind contributions, and debt. Unfortunately, WA Education Association PAC has failed on numerous occasions to do this. (See **Exhibit A - "Illegally late reported C3 and C4 reports"**)

Additionally, I believe the respondent has illegally not reported certain in-kind contributions from its parent organization, the Washington Education Association.

2) Failure to accurately, timely report debt. (Violation of RCW 42.17A.240 (8), see WAC 390-05-295)

State law requires that the name and address of any person and the amount owed for any debt, obligation, note, unpaid loan, or other liability in the amount of more than two hundred fifty dollars or in the amount of more than fifty dollars that has been outstanding for over thirty days be reported on form C4. Per **WAC 390-05-295**, this includes any oral or written order placed, debt or obligation to purchase goods or services or anything of value, or any offer to purchase advertising space, broadcast time or other advertising related product or service.

On information and belief, WA Education Association PAC has failed to accurately report certain debts, as required by state law.

3) Failure to properly break down, describe expenses. (Violation of RCW 42.17A.235, see WAC 390-16-205, WAC 390-16-037)

State law requires that expenditures made on behalf of a candidate or political committee by any person, agency, firm, organization, etc. employed or retained for the purpose of organizing, directing, managing or assisting the candidate's or committee's efforts shall be deemed expenditures by the candidate or committee. In accordance with **WAC 390-16-037** and **WAC 390-16-205**, such expenditures shall be reported by the candidate or committee as if made or incurred by the candidate or committee

directly. Additionally, in accordance with **WAC 390-16-037**, the exact purpose of the expenditure, the quantity of items printed, and the individual value of broadcast ads distributed on various media outlets must be disclosed on form C4. Additionally, a political committee that makes in-kind contributions (which includes staff time) to a candidate or political committee totaling more than \$50 in the aggregate during a reporting period must identify the recipient and the amount of the contribution as part of its C-4 report covering that period. WAC 390-16- 207(6). Furthermore, state law requires that political committees identify any candidate(s) or ballot proposition(s) that are supported or opposed by their expenditures (which includes staff time) on form C4. **WAC 390-16-037**.

On information and belief, WA Education Association PAC illegally failed to break down certain expenses, in-kind contributions, and debts as required by state law. Moreover, WA Education Association PAC have failed in numerous instances to abide by the requirement that independent expenditures/electioneering communications and in-kind contributions be properly broken down to show the amount going to support each candidate. This can easily be seen by comparing their C6 filings to what was reported on their C4s.

4) Failure to list committee officers. (Violation of RCW 42.17A.205 (2)(c), see WAC 390-05-245)

Respondent failed to list all committee officers on form C1-pc, which is required by **RCW 42.17A.205(2)(c)**.

The committee is required to list all individuals who, in conjunction with others, likely made, directed, or authorized expenditures, strategic or policy decisions on behalf of the committee.

On information and belief, unlisted officers include, but are not limited to, their parent organization WEA and the board members of that organization. Currently, **the WEA PAC have not listed any officers on their most recent C1-pc, which was filed on October 6, 2014.**

WAC 390-05-245 defines committee officer as: "...any person designated by the committee as an officer on the C-1 or C-1pc registration statement and any **person** who alone or in conjunction with other persons makes, directs, or authorizes contribution, expenditure, strategic or policy decisions on behalf of the committee" .

Please note that **RCW 42.17A.005 (35)** defines "person" as: "...an individual, partnership, joint venture, public or private corporation, association, federal, state, or local governmental entity or agency however constituted, candidate, committee, political committee, political party, executive committee thereof, or any other organization or group of persons, however organized."

5) Illegal unauthorized expenditure of funds by an individual not listed as an officer on form C-1/C1-pc. (Violation of RCW 42.17A.425)

State law requires that no expenditures may be made or incurred by any candidate or political committee unless authorized by the candidate or the person or persons named on the candidate's or committee's registration form.

On information and belief, WA Education Association PAC has failed to abide by this requirement.

6) Failure to timely update C1-pc. (Violation of RCW 42.17A.205(4))

On information and belief, the respondent has failed to update their C1-pc to include changes in officers and other information required to be included on their C1-pc, in violation of **RCW 42.17A.205(4)**.

7) State law requires that the committee treasurer preserve books of account, bills, receipts, and all other financial records of the campaign or political committee for not less than five calendar years following the year during which the transaction occurred. (Violation of RCW 42.17A.235 (6)).

On information and belief, WA Education Association PAC has failed to abide by this requirement.

8) Failure to include sponsor ID/list top 5 contributors. (Violation of RCW 42.17A.320)

State law requires that all political advertisement/independent expenditures contain sponsor identification, which includes the sponsor's name and address and top 5 contributors. Mediums defined as political advertisement that are required to contain sponsor ID include Facebook pages and advertisements per **WAC 390-05-290**.

On information and belief, WA Education Association PAC has failed to abide by this requirement.

9) Failure to timely file form C6 reporting independent expenditures/electioneering communications. (Violation of RCW 42.17A.255(2))

State law requires that independent expenditures must be reported to the PDC in a timely fashion. The form for disclosing independent expenditures is identified as form C6 according to the PDC. Please note, well over \$1,131,000 in independent expenditures was reported late. These violations are egregious by any definition of the term and frustrate the very purpose of the law.

See attached spreadsheet. **(Exhibit B - Illegally late reported C6 reports)**

10) Failure to register as political committee. (Violation of RCW 42.17A.235)

WEA PAC's parent organization Washington Education Association has failed to register as a political committee, in violation of state law. Additionally, WEA's subsidiary organizations, (such as Pilchuck, Seattle, Sultan EAs) have failed to register as political committees in violation of state law.

11) Failure to report ear-marked contributions. (Violation of RCW 42.17A.270)

State law requires that political committees receiving an earmarked contribution designated for the benefit of a certain candidate shall complete a report, entitled "Earmarked contributions," on a form prescribed by the commission that identifies the name and address of the person who made the contribution, the candidate or political committee for whose benefit the contribution is earmarked, the amount of the contribution, and the date that the contribution was received. Additionally, the committee shall mail or deliver to the commission and the candidate or political committee benefiting from the contribution a copy of the "Earmarked contributions" report within two working days of receipt of the contribution.

On various form C4s, the committee has apparently denoted the true source of the contribution. For example, in a donation to "People for Teresa", the committee gave the description "CONTRIBUTION FROM SEATTLE EDUCATION ASSOCIATION WEA-PAC MEMBERS". Presumably, this description means that the WEA PAC received a contribution from the Seattle Education Association intended to be donated to Teresa Mosqueda's campaign. Despite this, they never filed an ear-marked contribution report.

The committee's failure to report ear-marked contributions has generated confusion as to who actually made the contribution to various entities.

For instance, Teresa Mosqueda reported the source of his contribution as "WEA PAC" when it appears the true source was the Seattle Education Association. The committee's failure to report ear-marked contributions is illegal, widespread and has frustrated the purposes of the Act.

The PDC should investigate the possibility that WA Education Association PAC committed the above violations willfully and maliciously, which would be a class C felony per **RCW 42.17A.750 (2)(c)**. If the PDC determines that is the case, they should refer the case to the Attorney General's office for criminal prosecution immediately.

Please don't hesitate to contact me if you need any additional information.

Please note I have provided spreadsheets in both PDF and Excel formats for staff convenience.

Best Regards,

Glen Morgan
