RE: Case # 141073 – Whatcom Democrats

This cover letter and the attached seventy page analysis by Whatcom County Democratic Party's Treasurer Cheyanna Strickland is our response to the Complaint filed by Glen Morgan given Case #141073.

Mr. Morgan alleges that some 332 C-3s and C-4s were filed late. His admittedly superficial review suffers from one important analytical flaw: amended reports relate back to the date of the original filing. Otherwise there is no incentive for a filer ever to amend their reports, lest Mr. Morgan or another individual whose motives are more oriented towards wasting a filer's resources and time than accuracy file a complaint like Mr. Morgan's, potentially subjecting the filer to severe penalties.

In the vast majority of his alleged tardy reports Mr. Morgan uses the date upon which the amendment was filed as the record date of filing, and calculates the delay accordingly. His argument is not helped by his multi-colored spread sheet, although his excel skills might be admired.

A second recurring flaw is his inability to realize that when a January C-4 is amended in a subsequent month, every C-4 between the initial filing and the amended one must also be amended. Mr. Morgan would have each of these amendments be counted as late.

As Ms. Strickland notes, a few reports were actually filed late. Four reports of interest received from our bank, for a total of \$0.40, reflect amounts deposited to our account but not discovered until the bank account was reconciled. Further, as she details with e-mails with PDC Staff, others were late for a variety of acceptable reasons: IT issues, ORCA problems, Covid-19, adjusting journal entries, etc.

Asa she also notes, as soon as the overage in cash receipts was noticed we changed the way we collected and handled miscellaneous cash contributions.

PDC Staff are incredibly supportive and have counseled not only the Whatcom Democrats, but also numerous candidates whom I have referred in my position as Chair of the Whatcom Democrats' Candidates Committee. Their goal, and our

goal, is to make campaign finance as transparent and open as possible. Mr. Morgan's goal, however, seems to make compliance as difficult and problematic as he can, fraught with traps that he casually discovers. While errors are occasionally uncovered, they are cloaked in rhetoric designed to belittle and anger his targets. This does not serve the public. The Superior Courts of Washington discourage such antics through Civil Rule 11. The PDC should adopt a similar way to discourage frivolous and resource wasting filings.

As a matter of record, our proper names are either the Whatcom County Democratic Central Committee (for our non-exempt account) and the Whatcom County Democratic Party – Exempt (for our exempt account). Colloquially we answer to Whatcom Democrats. Given his history, Mr. Morgan's use of the name "Whatcom County Democrats PAC" must be deliberate disrespect, for we are not a PAC but rather an official Party Committee.

We request the Complaint that gave rise to Case #141073 be dismissed.

Dan Raas

Chair, Whatcom County Democrats' Candidates Committee/Executive Board member

Glenn Morgan has raised concerns regarding the Whatcom County Democratic Party Democrats, specifically alleging a recurring pattern of delayed report filings totaling 332 reports. Morgan contends that his "simple research" revealed these issues. However, it is important to clarify that most of the reports he references were amended. It should be noted that when a C4 report is amended, subsequent C4 reports must also be amended due to carried-over balances per PDC guidelines.

Over the past three years, there was only one instance of a late report filing, which was promptly addressed due to a technical issue. The PDC was contacted immediately following the discovery, and the report was swiftly amended, with confirmation via email that there would be no repercussions for filing it the following morning. Every other C4 report within the last three years has been filed on time.

Compliance adherence occasionally necessitates report adjustments, requiring subsequent amendments to maintain carryforward balances. These actions reflect our commitment to financial integrity and drove the transition to accounting software and the collection of cash procedures at our events.

Bank deposits have consistently been made weekly. Upon reviewing unamended C3 reports for 2021, it was discovered that a total of eight reports were filed late. Among these, four reports pertained to unreported bank interest totaling \$.40, and two were related to vendor refunds found during account reconciliation on our bank statements. The remaining late reports were attributed to ongoing Orca update issues, which were well-documented with the PDC Support staff (with attached emails).

Examining the late C3 reports for 2022 revealed various contributing factors, each supported by corresponding emails:

1. IT issues
2. Adjusting journal entries
3. Bank interest
4. Double Entries
5. Orca file issues, including updates, missing contributor information, and report deletions during Orca backup (information sent to PDC IT and then returned to me for reentry and refile)
6. COVID-19
7. Discovery of missing small-dollar donations, vendor refunds, and bank interest on bank statements during reconciliations

Glenn Morgan's actions appear to be both frivolous and in bad faith. His comments and accusations lacked respect and added an unnecessary burden to PDC staff, who had to scrutinize reports that he failed to review adequately. Interestingly, he seemed to invest more time in color-coding his vitriol.

We have already implemented systems to ensure swift reporting and balanced audits regarding anonymous donations. Upon reviewing our 2022 Anonymous Donations account (report attached), only two small dollar donations have been observed for the year thus far.

To enhance scrutiny of filed reports, Glenn should improve his attention to detail and reading comprehension, as he would then recognize that he is examining amended filing dates. Many of these amended reports were carried out at the PDC's direction, and I possess saved PDC emails that provide

detailed explanations for these actions. Glenn would find value in a more productive endeavor rather than toggling between bragging about his disruptive behavior towards over 60 Washington State Democratic campaigns on his YouTube channel and slothing in front of Netflix. Truly pitiful.

Sincerely,

*Cheyanna Strickland*

Good afternoon,  
Would you please do a back up of your ORCA campaign so that I may assist you. I am including instructions below.

How do I backup my ORCA data?

On the home screen of ORCA, click Backup Campaign Data, and then select the committee name to be backed up.

Click Ok.

Delete the asterisk \*, then type the name of your campaign with today's date for example such as 06012020 and leave the ".zip" extension on the end.

Choose the location where you want the data saved (for example Drive G for a memory stick drive, desktop, etc.).

Click Save.

And then you may attach the zip file to a reply to this e-mail and send it to the PDC.

Sincerely,

Reply-To: PDC Support <pdcc@pdc.wa.gov>

To: cheystrick9@gmail.com

Good morning,

The carry forward cash will be the amount that was in the bank account on the day that you started your campaign, minus any outstanding checks that had not cleared the account. You may want to audit the entire last campaign starting with the current months and work backwards. You will use the bank statements as the master.

To change the amount of the carry forward cash in ORCA, click on File>Committee Info>Carry Forward Cash. Click the green "plus" sign and go to the entry by using the back arrow, Then you will enter the correct amount. This dollar amount will appear on Line 1 of the first C-4 report for your campaign.

If you change the carry forward cash amount, you will upload/amend all the the C4's from the start of the campaign to the last one that you filed.

Please let me know how this goes for you.

Sincerely,

Good evening,

This email serves as stand-alone documentation to be attached to the Whatcom Democratic Party's October 26, 2021, C-4 report filing. Attached please find an in-kind candidate expenditure spreadsheet. Each individual candidate's in-kind contribution received from the Whatcom County Democratic Party is calculated and presented on this spreadsheet.

Should you have any questions, please feel free to contact me via this email or by phone at 360-543-3356.

Thank you,

Cheyanna Strickland  
Treasurer, Whatcom County Democratic Party

Thank you for contacting the Public Disclosure Commission.

We have received your request for assistance and a member of the team will be in touch with you. Please note that due to staff furloughs for budgetary savings and schedule adjustments related to the state's Safe Start plan, responses may be delayed.

Good morning,  
Do you have a separate ORCA for the exempt and non exempt accounts?  
The following information will assist you. It is from the [Political Committee Instructions](#) on our website [www.pdc.wa.gov](http://www.pdc.wa.gov).

[Exempt & Non-Exempt Accounts](#)

I appreciate the information. I do not currently need the 2022 ORCA back up.  
Sincerely,

Good morning,

Attached you will find our 2021 campaign backup and a pdf copy of the 10,000 check deposit that I received from our bank showing the check was deposited into our exempt account. Should I also send you a copy of our new, 2022 campaign?

Thank you for your assistance,

Cheyanna Strickland

On Tue, Jan 11, 2022 at 4:48 PM PDC Support <[pdcc@pdcc.wa.gov](mailto:pdcc@pdcc.wa.gov)> wrote:

Good afternoon,

I am the filer assistance specialist for case 102127.

Please do a back up of the ORCA campaign so that I may assist you. I am including instructions below.

How do I backup my ORCA data?

On the home screen of ORCA, click Backup Campaign Data, and then select the committee name to be backed up.

Click Ok.

Delete the asterisk \*, then type the name of your campaign with today's date for example such as 06012020 and leave the ".zip" extension on the end.

Choose the location where you want the data saved (for example Drive G for a memory stick drive, desktop, etc.).

Click Save.

And then you may attach the zip file to a reply to this e-mail and send it to the PDC.

Sincerely,

**Ladelle Fuquay**

Good morning,  
Please do the setup wizard for the 2022 non exempt account as our IT has cleared the information so that you are able to create the ORCA campaign again.

In case you would like the following information and find it helpful.  
The exempt and non exempt bank accounts and activity will be reported separately in two different ORCA campaigns and you will need a separate registration for both accounts.

Any exempt activity will be reported in the exempt ORCA campaign. You will want to create a 2021 exempt ORCA. Please let me know once you have filed the registration (C1pc) for the exempt account as I want to make sure you are able to do a set up wizard for 2021.

If you would like to go over any of the information with a phone call, please let me know and the we will set up a time for a call.  
Sincerely,

Good morning,  
Thank you for replying back to my email. I was out of the office on Friday and Monday was a State holiday.  
For the exempt account, the first thing you will want to do is file a registration in the application,  
[Register your campaign \(C-1, C-1pc\), update your registration, or get an access token](#), noting that it the exempt account.

Then you will do the setup wizard for it. If you do not do a carry forward cash when you are setting it up, there is a spot to enter that in after the ORCA campaign has been created.

I will reach out to our IT team and ask them to clear the 2022 campaign that you deleted so that you may do the setup wizard for it.

I will let you know when they have it ready for you to do the setup wizard for 2022.  
Sincerely,

When I try to open the 2022 campaign these are the error messages. I accidentally clicked out of the set-up wizard and wasn't able to add our carry forward amount so I deleted it and now these are the error messages! I'm not sure why Orca is so difficult to navigate but can you please help me fix this with directions and not a link to a website article. I have scoured the PDC website and find it lacking in instructions though PDC staff are incredibly helpful. It would nice to see the website align with the staff's knowledge and expertise.

Thanks,

Cheyanna Strickland

Hello Whatcom County Democratic Party,

The Public Disclosure Commission received a complaint from Glen Morgan on December 29, 2021, which has been assigned PDC Case Number 102127. The Complaint alleges the following:

- Allegation: Violation of RCW 42.17A.405 for receiving and keeping over limit contributions

*Note: a review of the party's filings indicated the party registered an exempt funds account and a sponsored committee (whatcom county democratic central committee - Exempt Sponsored by Lummi Indian Business Council, 2020) with the PDC using the ORCA or similar system for your organization. However, the over limit contributions listed in the complaint appear to have been deposited into the non-exempt committee account and spent on non-exempt fund activities. During CY 2020 PACs, Unions and other entities were limited to contributing \$5,500 in the aggregate to the Whatcom County Democrats Non-Exempt Funds account.*

Please review the attached complaint and provide your response by **January 19, 2022**.

If you determine there is a need to file or amend reports as part of this case, you may review the processes on our website through the Learn tab under Guides and training videos (<https://www.pdc.wa.gov/learn/publications>).

If further assistance filing or amending reports beyond the guides and videos is needed, please reply to this message with a request to be assigned a Filer Assistance Specialist so that you receive timely and coordinated guidance.

For more information about the enforcement process, please see our [Enforcement Guide](#).

If you have any questions, please reply to this email.

Good morning,

I am able to access our 2022 campaign in Orca but am still unable to set up an exempt account. I followed the instructions that you previously sent and was able to get an access token but am unclear what to do with it. I can't even open it in set-up wizard. I tried to amend/edit our campaign as another article suggests but I can't find an option to add another Orca account. I'm totally lost and frustrated, honestly. Can you please look into the complaint filed against our party and tell me if the response documentation that we've sent in is adequate or if we need to send a formal response? The deadline was on the 19th but this is the 5th email in which I have brought it up and am still unable to get any sort of response. If we do need to send in a formal response can we an extension, in writing, that the deadline is extended? We have a board meeting tonight and it would be great if I could report something, anything!!!! Tabitha Townsend was the staff member who sent the original email but have not heard from her since.

Thank you,

Cheyanna Strickland:

Thank you for your continued work on this enforcement matter. In order to resolve this case in a timely way, I request some action be completed within the next two weeks.

- First, I request that you update the committee registration (C-1pc) for the Exempt account to make it current as of calendar year 2021. Filer Assistance Specialist, Ladelle Fuquay, has kindly granted you access to the registration so you will be able to choose the Exempt account from your list of committees you file for.
- Second, please use the SetUp Wizard inside of ORCA to create the 2021 campaign for the Exempt account and use it to enter the 2021 Exempt activities.

I understand that there may have been some confusion regarding the creation and use of the Exempt account. In order to bring the records back into compliance, your committee must have a full set of reports in ORCA disclosing only the activity for the Exempt account for calendar year 2021. At the least, the contribution from the Lummi Indian Business Council should be disclosed in a separate Exempt account.

Put simply, when you open your list of 2021 ORCA committees inside of ORCA, you should have two that begin with the name Whatcom County Democratic, including the original Non-Exempt account plus the newly created one for the Exempt account.

Ladelle is available to assist you with this process. It will likely work best for you to make an appointment with her so she can provide you the best customer service. You may reply to the last email exchange you had with her or send a new request addressed to her directly.

**Please complete the two steps above by no later than Monday, March 14, 2022.** Thank you for your prompt attention. I look forward to your filing so I can resolve this case.

Hi Jennifer,

I appreciate your help! This email was forwarded to me by our campaign's office, which I don't work for, so I could not respond to the email. My email is on file with the PDC under my other treasurer's information. Moving forward, I request that you use my (this) email and cc the Whatcom Democrats if you have further questions because individual emails are not on any communication, and the requirement to communicate with the correct department is offered through a response to the original email. Considering you're not the person who sent the initial email, staff must speak with one another.

Sincerely,

Cheyanna Strickland  
Treasurer, Whatcom County Democratic Party

Hello Whatcom County Democratic Party,

The Public Disclosure Commission received a complaint from Glen Morgan on December 29, 2021, which has been assigned PDC Case Number 102127. The Complaint alleges the following:

- Allegation: Violation of RCW 42.17A.405 for receiving and keeping over limit contributions

*Note: a review of the party's filings indicated the party registered an exempt funds account and a sponsored committee (whatcom county democratic central committee - Exempt Sponsored by Lummi Indian Business Council, 2020) with the PDC using the ORCA or similar system for your organization. However, the over limit contributions listed in the complaint appear to have been deposited into the non-exempt committee account and spent on non-exempt fund activities. During CY 2020 PACs, Unions and other entities were [limited to contributing \\$5,500](#) in the aggregate to the Whatcom County Democrats Non-Exempt Funds account.*

Please review the attached complaint and provide your response by **January 19, 2022**.

If you determine there is a need to file or amend reports as part of this case, you may review the processes on our website through the Learn tab under Guides and training videos (<https://www.pdc.wa.gov/learn/publications>).

If further assistance filing or amending reports beyond the guides and videos is needed, please reply to this message with a request to be assigned a Filer Assistance Specialist so that you receive timely and coordinated guidance.

For more information about the enforcement process, please see our [Enforcement Guide](#).

If you have any questions, please reply to this email.

Thank you,

Tabitha Townsend  
Compliance Coordinator

Cheyanna Strickland:

Thank you for your continued work on this enforcement matter. I was able to see the C-3 report submitted on March 8, 2022. I request completion of your filing obligation so I can resolve the complaint under investigation.

- First, I request that you enter any and all other activities for the Exempt account.
- Second, please submit each C-4 report for each month in the calendar year. Ladelle Fuquay kindly reviewed your status to ensure you had the correct monthly C-4 reporting periods available to you.

Ladelle is available to assist you with this process. It will likely work best for you to make an appointment with her so she can provide you the best customer service. You may reply to the last email exchange you had with her or send a new request addressed to her directly.

**Please complete the two steps as soon as possible as the deadline of the 14th has passed.** Thank you for your prompt attention. I look forward to your filing so I can resolve this case.

Cheyanna Strickland:

Thank you for your continued work on this enforcement matter. In order to resolve this case in a timely way, I request some action be completed within the next two weeks.

- First, I request that you update the committee registration (C-1pc) for the Exempt account to make it current as of calendar year 2021. Filer Assistance Specialist, Ladelle Fuquay, has kindly granted you access to the registration so you will be able to choose the Exempt account from your list of committees you file for.
- Second, please use the SetUp Wizard inside of ORCA to create the 2021 campaign for the Exempt account and use it to enter the 2021 Exempt activities.

I understand that there may have been some confusion regarding the creation and use of the Exempt account. In order to bring the records back into compliance, your committee must have a full set of reports in ORCA disclosing only the activity for the Exempt account for calendar year 2021. At the least, the contribution from the Lummi Indian Business Council should be disclosed in a separate Exempt account.

Put simply, when you open your list of 2021 ORCA committees inside of ORCA, you should have two that begin with the name Whatcom County Democratic, including the original Non-Exempt account plus the newly created one for the Exempt account.

Ladelle is available to assist you with this process. It will likely work best for you to make an appointment with her so she can provide you the best customer service. You may reply to the last email exchange you had with her or send a new request addressed to her directly.

**Please complete the two steps above by no later than Monday, March 14, 2022.** Thank you for your prompt attention. I look forward to your filing so I can resolve this case.

Cheyanna:

Thank you for your response. As noted in my voicemail, you will need to enter all funds received into or spent from the Exempt account during 2021 and submit C-4 reports for the entire year. As mentioned earlier we can see that you have appropriate C-4 reporting periods waiting for you when your data entry is complete.

I will be available for you tomorrow-, Thursday, March 24, 2021, at 6:00 a.m. should you need phone assistance as requested. I can also be available after 6:30 p.m. tomorrow should that be convenient. Please let me know if you would like to speak after 6:30 p.m. tomorrow so I can be available to you.

If you need to speak to me before 7:00 a.m. tomorrow, simply call me at 360-586-4560.

This case is nearing its due date for completion and the C-4 reports are the only items I am waiting on. Thank you for your prompt attention.

Hi Jennifer,

I did enter the one Lummi Indian Business check as instructed. That is the only check that we received from this business. The exempt account was set up for us (which I appreciate), and it is named the Lummi Indian Business Council Exempt account, so I only entered that one exempt account transaction. The PDC website states that if it's under a certain amount, then not to enter the transaction into a separate exempt Orca account, but if I understand correctly, even though the few, small amounts of every expense used from the exempt account for 2021 should now be entered into the 2021 Lummi Indian Business Council Exempt Orca account even when though there is no relationship between those transactions and the Lummi Business Council? In your previous email, you stated that to bring the campaign into compliance that at the least, the Lummi check needed to be entered, but now you're saying every 2021 small exempt account transaction needs to be entered into the account that's titled for the Lummi Business Council.

I understand that there may have been some confusion regarding the creation and use of the Exempt account. In order to bring the records back into compliance, your committee must have a full set of reports in ORCA disclosing only the activity for the Exempt account for calendar year 2021. At the least, the contribution from the Lummi Indian Business Council should be disclosed in a separate Exempt account.

Please specifically tell me what is required. When I read instructions like the above, it correlates with the information listed on the actual PDC website. Still, I am instructed to do something different; it feels misleading. There was no option in the Orca exempt account set-up to file a C4 report, just a C-3, but do I need to file a C4? Can that be added to the Orca account on your end?

I understand that Ladelle is there to help if needed but is someone available to help before 7:00 am and after 6:30 pm? I'm an accountant, and it's tax season, so I am only available to go through this increasingly frustrating process with someone before or after the hours that I have stated.

Please advise.

Thank you,

Cheyanna Strickland

Hi Jennifer,

I have a couple of questions:

1. Can I enter all of the 2021 exempt transactions into the Orca 2021 Exempt Sponsored by Lummi Indian Business Council even though just one contribution is from them and the rest are not?
2. Will I need to delete the exempt transactions that were reported in 2021 from the regular/main Orca in order to get it to balance?
3. This is a huge ask but is there any way that a 2022 exempt Orca account be opened for us? I do write checks from that account so I will need to amend what I've reported so far this year and report those in a new exempt account.

Let me know what you think and if I am able to report all exempt activity in the current 2021 Exempt Sponsored by Lummi Indian Business Council, I will get that done ASAP!

Thank you so much for your help and for being available after working hours. I understand long days and at the end of mine, I do not want to jump back into it so I appreciate your flexibility in accommodating me with this!!!

Talk to you soon,  
Cheyanna Strickland

Hi Jennifer,

Sorry, one more question! I transfer quarterly payroll taxes each payroll into our savings from the exempt account. Our exempt account is mainly an expense account used primarily for office rent and payroll. How should I report those transfers in the Orca? That should be it for questions for 2021 exempt, I'll be filing everything shortly.

Thanks,  
Cheyanna Strickland

Good morning,

A couple items for you. You ought to be able to do an ORCA for the Exempt account. When you use the setup wizard, you will click on the exempt account and then it ought to select calendar year 2022.

The other item is, if you have not already done so within the last week, please try to amend the C4's for Jan and April 2021. Our IT department did a fix and it ought to work for you now.

Please let me know how both if these items work for you.

Sincerely,

**Public Disclosure Commission**

Good morning,  
Jennifer is out today and asked to me to send you an email regarding the last question that you asked her last night.

I transfer quarterly payroll taxes each payroll into our savings from the exempt account. Our exempt account is mainly an expense account used primarily for office rent and payroll. How should I report those transfers in the Orca?

If the savings is for the exempt account, you would not need to do anything as the checking and savings will be the total amount that you have for the exempt account.

Amy funds that are in the exempt account would not be available to transfer to the non exempt account.

I hope this assists you and please let us know if you have any other questions.

Good afternoon,

I have a link below to the webpage that has where you download ORCA.

<https://www.pdc.wa.gov/registration-reporting/candidates-committees/electronic-reporting-tools/online-reporting-campaign-activity-orca>

You are also able to find it by scrolling down to the bottom of the main webpage, and clicking on the words in while, file online. Then scroll down to the C3 and click on File Now. It will take you to the same page as the link above.

Please let me know how that goes for you.

And no worries. I try to confirm and make sure I understand when responding to emails so that I do not miss any thing when assisting filers.

My apologies, I think that's what I was getting after but worded it incorrectly. I don't want to uninstall the Orca app until I know where to go to download another one. I didn't see it on the PDC website. If I reinstall the update after I delete the app, will the Orca app automatically open?

On Tue, Aug 23, 2022 at 2:30 PM PDC Support <pdcc@pdc.wa.gov> wrote:

Good afternoon,

I am confused with this question "Can I just open a new campaign and import my last backup? ".

How are you able to do this if you are not able to log into the ORCA app?

If you have a backup that is up to date, you may want to uninstall ORCA and then reinstall ORCA especially if you believe that there is an issue with the app.

Good afternoon,

I believe the Orca app is the problem. That's what I am unable to log into and where I get the error message that I sent in a snip of in my previous email. Then the app stops responding. My internet connection shows as "excellent". I will not be taking my computer to an expert as it is relatively new and I'm having no other issues. This issue only started after this newest update, not before. Can I just open a new campaign and import my last backup?

Thanks,

Cheyanna Strickland

On Tue, Aug 23, 2022 at 12:50 PM PDC Support <[pdc@pdc.wa.gov](mailto:pdc@pdc.wa.gov)> wrote:

Good afternoon,

That usually works for filers. Since ORCA needs continuous internet access, you may want to make sure you have a good connection. And maybe try just opening up ORCA, and log in from the ORCA application. You may want to not have anything else needing the internet on your computer.

Unfortunately, the idea's that I sent in the last email and in this email are the extent of our ability to assist. If you are still unable to log into the ORCA app, I would suggest reaching out to a computer expert.

I hope it is able to be figured out.

If there has been or is an outage on the PDC side, it will be on our website. We also will let you know when you email us if there has been outages.

Sincerely,

Cheyanna Strickland,

You contacted me recently about a redundant interest payment that was reported on a C3 report for date of deposit 7/30/2022. Please open the 2022 campaign for the Whatcom County Democratic Central Committee. Click the C3 reporting function under File Reports. You should see the C3 report for date of deposit 7/30/22 that reported the interest payment as an unsubmitted report with a green Preview button. Click the Delete icon to delete this item. Close report manager and use the Search Miscellaneous Receipts button to find the extra interest payment. You should be able to delete this interest payment from there.

Thank you,

Hi Scott,

I am working on these contacts now. The big issue here is that I have already done this when setting up the couple contact and it is not saving. One or two I could chalk up to oversight but none of the Contact 1 and Contact 2 for all of our couples have saved. When I set up a couple I enter both Contact 1 and Contact 2 because it auto-populates the address so I don't have to type it in. I do this every single time. I can't imagine that I have to go in and re-enter every time I need to file a report. Do you know what's going on here and why?

Please advise.

Thanks,

Cheyanna Strickland

Cheyanna Strickland,

I deleted the C3 reports that reported contributions from Vantiv Worldpay from our database. If you open the 2022 campaign for Whatcom County Democratic Central Committee, you should see those C3 reports as unsubmitted. You may click the delete button to delete these reports. The contributions listed on a deleted report become undeposited items. You may use contribution search to find these contributions and delete them. Removing these C3 reports may change the C4 reports for those reporting periods and subsequent reporting periods, so after you have made these changes to the ORCA campaign, please submit the affected C4 reports as amended reports.

Thank you,

--Scott Haley

Hi Scott,

I emailed you while at work earlier and was unable to answer all of your questions.

The reason why I would like to delete these Vantiv Worldpay contributions is that they were never contributions, to begin with. Vantiv Worldpay is a merchant service company used by ActBlue which is the online fundraising software that we use. I found those three credits on our bank statements and while reconciling I mistakenly added them as deposits as they were credits to our account. Vantiv has a confusing settlement schedule that I just finally got figured out. I have now spoken to the company and have received reconciliation reports from December 2021 through October 2022. Here is a snip of their fee schedule:

### Vantiv Worldpay Fees

A full schedule of these fees will be included with Vantiv Worldpay's Merchant Payment Processing Agreement.

Processing Fees	\$0.05 per contribution + 0.02% of each gross contribution amount
ACH Funds Transfer Fee	\$0.50 per ACH transfer to your bank account
Passthrough Fees	Credit card transaction fees--these are set by the credit card providers and vary by provider and card type.

Vantiv Worldpay fees are billed monthly, and the Vantiv Worldpay fee total for each calendar month will settle on the 8th day of the following calendar month. For example, if you begin processing donations on March 20th, the total amount of Vantiv Worldpay fees on donations processed from March 20th-31st will be billed in your April 8th settlement. If the 8th falls on a weekend or holiday, the fees will be billed on the next business day after the 8th.

If you have donations that settle on the same day that the fees are billed, Vantiv Worldpay will combine the settlements into a single transfer. For example, if you have \$100 in donations that settle on July 8th, and the Vantiv Worldpay fees for June total \$25, you will receive a single transfer of \$75 in your bank account.

So for the months of February, March, and May Vantiv combined the ActBlue contribution settlement and their fee into one transfer. Their fee is not available to view on Act Blue, you must request a reconciliation report from them and that's how you get a breakdown of their fee, separate from ActBlue's user fee which is clearly listed on ActBlue's website. I discovered all of this in the "fine print" when trying to locate any sort of statement because ActBlue's settlement schedule has always been a bit confusing to me and I have been trying to get a solid understanding and line item breakdown with this software.

So, that's the deal with those "contributions". It was totally my error. I did make all of the necessary expenditure amendments for Vantiv Worldpay in Orca already. My goal is to get them all amended so that I can print out copies to keep in the office files and the treasurer copies. I don't want to save and print C4 reports if they're not correct.

When I try to delete the \$25 entry from Mark Taylor this is what I am met with:

Date	Name	Amount	Type	Election	Description	Deposited
05/27/2022	MARK TAYLOR	\$25.00	Monetary Contribution			
05/18/2022	MARK TAYLOR	\$25.00	Monetary Contribution			05/18/2022

After I click on the top contribution's trash can I get this:

### Delete Contribution

You cannot delete a contribution after it has been deposited.

DELETE

CANCEL

But as you can see it has not been deposited.

I actually was able to find a workaround for this Mark Taylor deposit so please disregard the above but I would like to point out that Orca is not always so smooth on our end.

Thank you,

Cheyanna Strickland

On Mon, Nov 14, 2022 at 12:00 PM PDC Support <[pdcc@pdcc.wa.gov](mailto:pdcc@pdcc.wa.gov)> wrote:  
Cheyanna Strickland,

The Whatcom County Democratic Central Committee submitted a C3 report on 7/31/22 to report \$5.24 deposited in to the campaign bank account on 2/9/2022. This is the report with document ID 110103865. They also submitted a C3 report on 10/10/2022 to report a deposit of the same amount on the same date. This is document ID 110117934. If these two reports are redundant reports reporting the same deposit, I would like to make the later report into an amendment to the previous report. That was, the deposit of \$5.24 won't be reported twice.

A deposit of \$9.52 made on 3/9/22 was reported on 7/31/22 on report 110103864 and again on report 110117937, submitted 10/10/22. If these are redundant reports, I could make the later report into an amendment of the earlier report.

Please let me know if you would like me to make these two reports into amendments to previous reports.

We have an amended C3 report, report 110118039, which reports a \$15.87 contribution from Vantiv which the campaign received on 5/10/22 and deposited on 5/10/22. This report is an amendment to an earlier C3 report, report 110103863 which we received on 7/31/22. I'd like to discuss why this report needs to be deleted and whether I would need to have the earlier report, the one it amends, deleted also.

If you have an undeposited monetary contribution, you may delete this item from an ORCA campaign. Simply use the Search Contributions function under Contributions on the ORCA dashboard. When you find the contribution, use the trash can icon to delete it.

Thank you,

Good afternoon,

I am the treasurer of the Whatcom County Democratic Central Committee.  
I am requesting the deletion of four deposits made. They are as follows:  
Vantiv Worldpay on the dates of  
02/09/2022 \$5.24  
03/09/2022 \$9.52 and  
05/10/2022 \$15.87

There is also an amount sitting in "make a deposit" that needs to be removed that I am no longer able to remove. The date is 05/27/2022 from Mark Taylor for the amount of \$25.  
This is a double entry.

Thank you,  
Cheyanna Strickland

Good morning,

I'm the treasurer for the Whatcom County Democratic Central Committee, and I'm hoping that you can help me. A couple of weeks ago, my computer crashed, and was helped by the PDC to get a current campaign backup for the primary Orca campaign on my new computer. I noticed that the most current Exempt file I had backed up was in April, and I restored that backup, however, will I need to reenter the last few months of transactions, and how will that effect C4 reports? If I reenter the information that needs to be kept in the file, I will need to file those reports, but I already filed them. I'm looking for advice on the best way to go about this without making a mess. I've actually been through this before as far as double entering contributions and expenses, and it seemed to create extra work for PDC staff. I don't want to do that again :)

Thanks,

Cheyanna Strickland

Hi Jennifer,

I did enter the one Lummi Indian Business check as instructed. That is the only check that we received from this business. The exempt account was set up for us (which I appreciate the Lummi Indian Business Council Exempt account, so I only entered that one exempt account transaction. The PDC website states that if it's under a certain amount, then not to transaction into a separate exempt Orca account, but if I understand correctly, even though the few, small amounts of every expense used from the exempt account for 2021 should into the 2021 Lummi Indian Business Council Exempt Orca account even when though there is no relationship between those transactions and the Lummi Business Council? In your you stated that to bring the campaign into compliance that at the least, the Lummi check needed to be entered, but now you're saying every 2021 small exempt account transaction entered into the account that's titled for the Lummi Business Council.

I understand that there may have been some confusion regarding the creation and use of the Exempt account. In order to bring the records back into compliance, your committee must have a full set of reports in ORCA disclosing only the account for calendar year 2021. At the least, the contribution from the Lummi Indian Business Council should be disclosed in a separate Exempt account.

Please specifically tell me what is required. When I read instructions like the above, it correlates with the information listed on the actual PDC website. Still, I am instructed to do so feels misleading. There was no option in the Orca exempt account set-up to file a C4 report, just a C-3, but do I need to file a C4? Can that be added to the Orca account on your end?

I understand that Ladelle is there to help if needed but is someone available to help before 7:00 am and after 6:30 pm? I'm an accountant, and it's tax season, so I am only available increasingly frustrating process with someone before or after the hours that I have stated.

Please advise.

Thank you,

Cheyanna Strickland

To: cheystrick9@gmail.com

Good morning,

Unfortunately, since the computer was shut down before the report was completely processed, there is not a way to change a date. When this type of scenario occurs, the application will attempt to file the report as soon as the campaign is opened up again. This will cause a duplicate report to be filed as an amendment.

Would you like the duplicate report to be deleted? Our IT team would allow a deletion in this case.

Please let me know and also send me the report number of the one that you would like to delete if that is the way you would like to go with this. It does not harm anything to keep the amended report either in this case.
