Hello Tanya,

Please see my responses to the attached complaint below. My responses correspond with the number on the initial complaint pdf document attached.

1. My apologies for this oversight that I've made several times. I didn't realize that I needed to include my spouse's income in the "income section" of the F-1 form. My information is autosaved for easier filing each year after my very first filing and so I simply overlooked this requirement. I reported his business in the appropriate section and didn't think anything more of it. Since receiving the complaint, I have amended all three forms to reflect my spouse's income.
2. Regarding late reports, I've recently changed treasurers and the new treasurer is still learning all of the PDC requirements and so my apologies for the late reports, but they are posted for public review for both of my campaigns in 2021 and 2023.
3. The 2023 Mayoral campaign filing fee is now posted to amended report#: 110169135.
4. All reports have been amended and updated to reflect the changes requested. The following report numbers reflect these changes.

110167844

110167842

110167841

110167840

110169136

Lastly, I assure you that I have in no way intentionally denied or concealed information for either of my campaigns as Mr. Morgan blatantly articulates in his complaint. All errors were mistakes or oversights on the part of my campaign treasurer, which I take responsibility for since they are employed by my campaign. Please accept my apologies and amendments. If you have any additional questions or concerns, and if this response is deemed satisfactory or not, please let me know at your earliest convenience. I appreciate the opportunity to respond to the complaints and accusations.

Thank you,

Dontae Payne (he/him)
