Complaint Description
Glen Morgan reported via the portal (Sun, 20 Aug 2023 at 11:04 AM) To whom it may concern, It recently came to my attention that the Washington Education Association PAC had committed even more violations of Washington State's campaign finance laws (RCW 42.17A) than I originally realized. I have provided the update list of these additional violations as follows: 1) Attempt to conceal the truth from the public for weeks and months – often after an election by filing a massive quantity of reports late – concealing millions of dollars in election influence peddling from the public (Violation of RCW 42.17A.235, RCW 42.17A.240) For some odd reason, when I filed my most recent complaint against this out-of-control Corporate Dark Money PAC, I didn't bother to really look at late reporting problems. The PDC is currently investigating this gang (See PDC Enforcement Case #139384, complaint attached for staff reference), based on a previous complaint I had filed against this group for their obvious lawbreaking as it applied to their reporting of in-kind contributions. That particular complaint took a bit of time to document the 419 different reporting violations detailed in that complaint. At the time of researching the complaint I filed with the PDC at the time (I filed the complaint June 15th – so a little over two months ago), I had noticed late reports in my research, but I hadn't taken the time to quantify them for the PDC. Since that time, after watching the Steadman and Zappone cases where PDC staff missed most of the tangible violations documented for those lawbreakers, it has become apparent I need to be much more thorough in my documentation of lawbreaking, particularly for well-funded Dark Money PACs like this one, so I took some time last night and this morning to review the WEA PAC's extensive history of deceptive and egregious late reporting. This is actually a bit of a time suck to document this properly for PDC staff review, but I'm optimistic that this complaint will provide the required information for staff to easily verify the extensive and egregious level of massive lawbreaking committed by this Secretive PAC. I try to provide the specific examples of lawbreaking in a very easy-to-read and simpler to understand spreadsheet format. This is both for PDC staff convenience, but it also helps the lawbreakers like this gang in Federal Way to use the list as a reference sheet so that they can go back and try to explain, justify, or excuse their repetitive lawbreaking activities. I've attached this both as an Excel file and a PDF so that everyone involved can get the optimal value from the effort. Please note that the original report referenced in the spreadsheet can be linked by clicking on the far-right column. I believe this makes it easier for everyone. A quick note again on how this report is organized. I've organized it by latest report first. You'll note that the latest report filed by this group was 401 days late – over a year, and a personal record for this PAC during the last few years, but hardly unique in itself. <u>I've color coded the most extreme late reports red, of which there are 184. I will repeat myself- 184 egregiously late reports – concealing millions of dollars of mega cash infusions used to influence and change the outcome of elections. This isn't a "mistake" or a "technical problem." This is pattern of behavior and a culture of total corruption.</u> I've color coded the problematically late orange,

and there are only 39 of those 14-5 days late. Illegal, but not as egregious as most of their reports. I've color coded the sloppily late reports yellow, and there are only 63 of those. So, it appears that when they want to break the law, they just go for months or wait over a year and conceal everything from the public in most cases. The attached spreadsheet and PDF file of this information should be adequate to verify this allegation and the egregious pattern of behavior for the extensive lawbreaking committed by this crew.

I will point out for the record here, **Washington State's Attorney General has filed dozens of lawsuits against lawbreakers for campaign finance violations far less significant than this. The PDC itself has issued 5-figure fines in many cases for violations far less significant than the ones I've outlined here** (particularly when you combine these with the other violations I documented a few months ago – currently under investigation in **PDC Enforcement Case #139384** – and I will also point out for the record – **this multi-million dollar mega dark money PAC hasn't even bothered to respond to the PDC complaint from two months ago.**

The WEA – no excuses for their lawbreaking, and their long, shameful history of violating the law

In addition to the current, slow-walking PDC investigation into this multi-million dollar Dark Money PAC (**PDC Enforcement Case #139384**), I will point out that I have caught this group breaking the law before (See **PDC Enforcement Case #29104, complaint attached for reference**). In that case, I was forced to use a Citizen's Action Notice lawsuit against this PAC, which was settled in Thurston County Superior Court for a \$16,438 settlement (**See Thurston County Superior Court Case #18-2-02884-34, attached for PDC staff reference**).

Obviously, **lawbreaking is just part of the culture with this group**, and they are so unconcerned about following the law, they feel comfortable ignoring the law, ignoring the PDC staff, and ignoring any norms of campaign finance laws or public transparency moving forward. **There is no excuse for this pattern of behavior, considering this crew has one of the biggest piles of cash collected by any political organization (dark money or not) in the State of Washington.** If the PDC can't enforce the law against a Mega PAC like this, what good is the law?

I'm not sure if this additional well-documented and undeniable list of violations should be included in the current slow-walked investigation currently pending at the PDC or not – I'll leave this decision to the discretion of the professionals who work at the PDC, but it is important for someone to send a message to the biggest violators of the law that the law still applies to them, even if they act like it doesn't. **Just because they can buy all the politicians they want in the state, doesn't mean they get to violate the law with total impunity.**

I'm sure I can find more violations by this group, but this one took a few hours to sort out, and I have other lawbreakers to expose today.

Best Regards,

Glen Morgan

What impact does the alleged violation(s) have on the public?

Even secretive dark-money PACs like this one must follow the law - or at least pretend they should follow the law. This is one of the largest PACs in Washington State with more money than almost any other group. They have concealed millions of dollars of transactions - influencing elections and buying politicians - they have concealed this from the public for over a year in many cases - long after the elections are over. The public can't possibly have any confidence that this group is reporting the truth at any time considering this past behavior.

The public has a right to know not just the truth, but that the rule of law applies even to groups like this, not just to the rest of us little people out here.

List of attached evidence or contact information where evidence may be found

Very clearly detailed in the attached spreadsheets

List of potential witnesses

Everyone who is remotely attached to this PAC. It would be a good idea to subpoena their bank records to see just how far off this PAC is truly from their reports, and to see how many millions of dollars have gone missing or been used for other secretive purposes.

Complaint Description
Glen Morgan reported via the portal (Thu, 15 Jun 2023 at 12:03 AM) To whom it may concern, It has come to my attention that the Washington Education Association PAC has violated Washington State's campaign finance laws (RCW 42.17A) once again. The specific violations are as follows: 1) Attempt to conceal critical details of in-kind contributions from the public (Violation of RCW 42.17A.240) It appears that the Washington Education Association PAC has been violating RCW 42.17A.240 when it comes to how they have concealed critical information and details about in-kind contributions from the public. Specifically, I want to draw attention to the PDC's own website recommendations for how PACs and campaigns need to report this information. See original link here: In-Kind Contributions Washington State Public Disclosure Commission (PDC) Specifically, I want to draw attention to the PDC's specific requirements of reporting: <i>"In-kind donations that are not incidental must be fully reported in Part 1 of Schedule B to the C-4 with the following details:</i> <i>the date the contribution was received;</i> <i>the name and full address of the contributor;</i> <i>if the in-kind contribution is a good or service purchased from a vendor, include the name and address of the vendor;</i> <i>a brief description of the contribution;</i> <i>its fair market value;</i> <i>the cumulative total this contributor has given for the primary or general election, whichever applies;</i> <i>a designation whether this contribution is for the primary or general election; and</i> <i>if the contributor is an individual who has cumulatively given more than \$250 to the campaign, including both primary and general contributions,</i>

identify the individual's employer (by name, city and state) and occupation.”

While I might have missed some of the in-kind contributions where this PAC failed to provide these legally required details, I have attached a partial list of at least 460 specific in-kind contributions as examples of where this PAC chose to violate the law instead of complying with it. I've attached this as a PDF and as an Excel file for staff convenience. Please note, I have linked the respective C-4 report corresponding to the illegally reported in-kind contribution in the far right column for easy verification by staff and as a correctional resource for the WEA-PAC.

Obviously, the WEA-PAC must comply with the law, regardless of their personal feelings about that law or how annoying compliance with that law probably seems to them. Clearly, this is a lot of critical information that has been concealed from the public, and many people will be carefully watching (including me) to confirm that they finally become compliant with the law.

WEA-PAC – A sorry history of breaking the law

I will point out for the record that this PAC is well versed in the campaign finance laws, they have more than adequate financial resources to comply with these laws, and plenty of legal counsel to help them interpret the clearly written and well-reasoned aspects of Washington State's campaign finance laws. Despite this exceptional advantage this well-funded PAC has compared to most political committees in the state, it appears lawbreaking comes easily to this operation.

For example, a few years ago in 2018 I caught them breaking the law – see **PDC Enforcement Case #29104**. Unfortunately, at the time, before the 2018 changes to Washington State campaign finance laws were implemented, I was forced to commence a Citizen Action Notice case against the WEA-PAC at the time since no enforcement actions were being taken by either the PDC or the AG's office at the time.

This resulted in a settlement of \$16,438 with another \$2,916.08 of attorney's fees (**See Thurston County Superior Court #18-2-02884-34 – State of Washington ex rel Glen Morgan v.WEA-PAC**). I've attached a copy of the original complaint in that case.

It is my sincere goal that this well-funded PAC can eventually become compliant with Washington State's campaign finance laws and the very reasonable, clear expectations that are so transparently provided to these organizations to help them follow the law. I'm hoping this complaint helps this PAC get closer to this goal and the attainment of this goal which I am sure is just around the corner, someday.

Perhaps the PDC can find another enforcement vehicle to help provide incentive to large PACs like this one which might include more than a strongly worded letter.

Let me know if you need additional information on this one.

Best Regards,

Glen Morgan

What impact does the alleged violation(s) have on the public?

The public has a right to know the truth about the real source of in-kind contributions, even if a mega-dollar PAC wants to conceal that information from the public.

List of attached evidence or contact information where evidence may be found

Spreadsheet including the 460 non-compliant in-kind contributions - in both excel and pdf files are included and an example of a past complaint that resulted in a \$19,000 settlement for reference and an example of past lawbreaking

List of potential witnesses with contact information to reach them

There is probably a well-staffed team of people at the WEA-PAC who are willing to chat about this violation.

Certification (Complainant)

I certify (or declare) under penalty of perjury under the laws of the State of Washington that information provided with this complaint is true and correct to the best of my knowledge and belief.

To Whom it May Concern --

It has come to my attention that the WA Education Association PAC, Armand Tiberio, its officers, its treasurer, subsidiary organizations and its parent organization the Washington Education Association (hitherto collectively referred to as "WA Education Association PAC") have habitually and willfully committed frequent and multiple violations of **RCW 42.17A**. Additionally, I have reason to believe that other violations of this chapter have occurred beyond what I have identified below.

1) Failure to file accurate, timely C3 and C4 reports. (Violation of RCW 42.17A.235)

State law requires that candidates and committees file frequent, accurate reports of contributions, expenditures, in-kind contributions, and debt. Unfortunately, WA Education Association PAC has failed on numerous occasions to do this. (See **Exhibit A - "Illegally late reported C3 and C4 reports"**)

Additionally, I believe the respondent has illegally not reported certain in-kind contributions from its parent organization, the Washington Education Association.

2) Failure to accurately, timely report debt. (Violation of RCW 42.17A.240 (8), see WAC 390-05-295)

State law requires that the name and address of any person and the amount owed for any debt, obligation, note, unpaid loan, or other liability in the amount of more than two hundred fifty dollars or in the amount of more than fifty dollars that has been outstanding for over thirty days be reported on form C4. Per **WAC 390-05-295**, this includes any oral or written order placed, debt or obligation to purchase goods or services or anything of value, or any offer to purchase advertising space, broadcast time or other advertising related product or service.

On information and belief, WA Education Association PAC has failed to accurately report certain debts, as required by state law.

3) Failure to properly break down, describe expenses. (Violation of RCW 42.17A.235, see WAC 390-16-205, WAC 390-16-037)

State law requires that expenditures made on behalf of a candidate or political committee by any person, agency, firm, organization, etc. employed or retained for the purpose of organizing, directing, managing or assisting the candidate's or committee's efforts shall be deemed expenditures by the candidate or committee. In accordance with **WAC 390-16-037** and **WAC 390-16-205**, such expenditures shall be reported by the candidate or committee as if made or incurred by the candidate or committee

directly. Additionally, in accordance with **WAC 390-16-037**, the exact purpose of the expenditure, the quantity of items printed, and the individual value of broadcast ads distributed on various media outlets must be disclosed on form C4. Additionally, a political committee that makes in-kind contributions (which includes staff time) to a candidate or political committee totaling more than \$50 in the aggregate during a reporting period must identify the recipient and the amount of the contribution as part of its C-4 report covering that period. WAC 390-16- 207(6). Furthermore, state law requires that political committees identify any candidate(s) or ballot proposition(s) that are supported or opposed by their expenditures (which includes staff time) on form C4. **WAC 390-16-037.**

On information and belief, WA Education Association PAC illegally failed to break down certain expenses, in-kind contributions, and debts as required by state law. Moreover, WA Education Association PAC have failed in numerous instances to abide by the requirement that independent expenditures/electioneering communications and in-kind contributions be properly broken down to show the amount going to support each candidate. This can easily be seen by comparing their C6 filings to what was reported on their C4s.

4) Failure to list committee officers. (Violation of RCW 42.17A.205 (2)(c), see WAC 390-05-245)

Respondent failed to list all committee officers on form C1-pc, which is required by **RCW 42.17A.205(2)(c)**.

The committee is required to list all individuals who, in conjunction with others, likely made, directed, or authorized expenditures, strategic or policy decisions on behalf of the committee.

On information and belief, unlisted officers include, but are not limited to, their parent organization WEA and the board members of that organization. Currently, **the WEA PAC have not listed any officers on their most recent C1-pc, which was filed on October 6, 2014.**

WAC 390-05-245 defines committee officer as: "...any person designated by the committee as an officer on the C-1 or C-1pc registration statement and any **person** who alone or in conjunction with other persons makes, directs, or authorizes contribution, expenditure, strategic or policy decisions on behalf of the committee" .

Please note that **RCW 42.17A.005 (35)** defines "person" as: "...an individual, partnership, joint venture, public or private corporation, association, federal, state, or local governmental entity or agency however constituted, candidate, committee, political committee, political party, executive committee thereof, or any other organization or group of persons, however organized."

5) Illegal unauthorized expenditure of funds by an individual not listed as an officer on form C-1/C1-pc. (Violation of RCW 42.17A.425)

State law requires that no expenditures may be made or incurred by any candidate or political committee unless authorized by the candidate or the person or persons named on the candidate's or committee's registration form.

On information and belief, WA Education Association PAC has failed to abide by this requirement.

6) Failure to timely update C1-pc. (Violation of RCW 42.17A.205(4))

On information and belief, the respondent has failed to update their C1-pc to include changes in officers and other information required to be included on their C1-pc, in violation of **RCW 42.17A.205(4)**.

7) State law requires that the committee treasurer preserve books of account, bills, receipts, and all other financial records of the campaign or political committee for not less than five calendar years following the year during which the transaction occurred. (Violation of RCW 42.17A.235 (6)).

On information and belief, WA Education Association PAC has failed to abide by this requirement.

8) Failure to include sponsor ID/list top 5 contributors. (Violation of RCW 42.17A.320)

State law requires that all political advertisement/independent expenditures contain sponsor identification, which includes the sponsor's name and address and top 5 contributors. Mediums defined as political advertisement that are required to contain sponsor ID include Facebook pages and advertisements per **WAC 390-05-290**.

On information and belief, WA Education Association PAC has failed to abide by this requirement.

9) Failure to timely file form C6 reporting independent expenditures/electioneering communications. (Violation of RCW 42.17A.255(2))

State law requires that independent expenditures must be reported to the PDC in a timely fashion. The form for disclosing independent expenditures is identified as form C6 according to the PDC. Please note, well over \$1,131,000 in independent expenditures was reported late. These violations are egregious by any definition of the term and frustrate the very purpose of the law.

See attached spreadsheet. **(Exhibit B - Illegally late reported C6 reports)**

10) Failure to register as political committee. (Violation of RCW 42.17A.235)

WEA PAC's parent organization Washington Education Association has failed to register as a political committee, in violation of state law. Additionally, WEA's subsidiary organizations, (such as Pilchuck, Seattle, Sultan EAs) have failed to register as political committees in violation of state law.

11) Failure to report ear-marked contributions. (Violation of RCW 42.17A.270)

State law requires that political committees receiving an earmarked contribution designated for the benefit of a certain candidate shall complete a report, entitled "Earmarked contributions," on a form prescribed by the commission that identifies the name and address of the person who made the contribution, the candidate or political committee for whose benefit the contribution is earmarked, the amount of the contribution, and the date that the contribution was received. Additionally, the committee shall mail or deliver to the commission and the candidate or political committee benefiting from the contribution a copy of the "Earmarked contributions" report within two working days of receipt of the contribution.

On various form C4s, the committee has apparently denoted the true source of the contribution. For example, in a donation to "People for Teresa", the committee gave the description "CONTRIBUTION FROM SEATTLE EDUCATION ASSOCIATION WEA-PAC MEMBERS". Presumably, this description means that the WEA PAC received a contribution from the Seattle Education Association intended to be donated to Teresa Mosqueda's campaign. Despite this, they never filed an ear-marked contribution report.

The committee's failure to report ear-marked contributions has generated confusion as to who actually made the contribution to various entities.

For instance, Teresa Mosqueda reported the source of his contribution as "WEA PAC" when it appears the true source was the Seattle Education Association. The committee's failure to report ear-marked contributions is illegal, widespread and has frustrated the purposes of the Act.

The PDC should investigate the possibility that WA Education Association PAC committed the above violations willfully and maliciously, which would be a class C felony per **RCW 42.17A.750 (2)(c)**. If the PDC determines that is the case, they should refer the case to the Attorney General's office for criminal prosecution immediately.

Please don't hesitate to contact me if you need any additional information.

Please note I have provided spreadsheets in both PDF and Excel formats for staff convenience.

Best Regards,

Glen Morgan

To Whom it May Concern --

It has come to my attention that the WA Education Association PAC, Armand Tiberio, its officers, its treasurer, subsidiary organizations and its parent organization the Washington Education Association (hitherto collectively referred to as "WA Education Association PAC") have habitually and willfully committed frequent and multiple violations of **RCW 42.17A**. Additionally, I have reason to believe that other violations of this chapter have occurred beyond what I have identified below.

1) Failure to file accurate, timely C3 and C4 reports. (Violation of RCW 42.17A.235)

State law requires that candidates and committees file frequent, accurate reports of contributions, expenditures, in-kind contributions, and debt. Unfortunately, WA Education Association PAC has failed on numerous occasions to do this. (See **Exhibit A - "Illegally late reported C3 and C4 reports"**)

Additionally, I believe the respondent has illegally not reported certain in-kind contributions from its parent organization, the Washington Education Association.

2) Failure to accurately, timely report debt. (Violation of RCW 42.17A.240 (8), see WAC 390-05-295)

State law requires that the name and address of any person and the amount owed for any debt, obligation, note, unpaid loan, or other liability in the amount of more than two hundred fifty dollars or in the amount of more than fifty dollars that has been outstanding for over thirty days be reported on form C4. Per **WAC 390-05-295**, this includes any oral or written order placed, debt or obligation to purchase goods or services or anything of value, or any offer to purchase advertising space, broadcast time or other advertising related product or service.

On information and belief, WA Education Association PAC has failed to accurately report certain debts, as required by state law.

3) Failure to properly break down, describe expenses. (Violation of RCW 42.17A.235, see WAC 390-16-205, WAC 390-16-037)

State law requires that expenditures made on behalf of a candidate or political committee by any person, agency, firm, organization, etc. employed or retained for the purpose of organizing, directing, managing or assisting the candidate's or committee's efforts shall be deemed expenditures by the candidate or committee. In accordance with **WAC 390-16-037** and **WAC 390-16-205**, such expenditures shall be reported by the candidate or committee as if made or incurred by the candidate or committee

directly. Additionally, in accordance with **WAC 390-16-037**, the exact purpose of the expenditure, the quantity of items printed, and the individual value of broadcast ads distributed on various media outlets must be disclosed on form C4. Additionally, a political committee that makes in-kind contributions (which includes staff time) to a candidate or political committee totaling more than \$50 in the aggregate during a reporting period must identify the recipient and the amount of the contribution as part of its C-4 report covering that period. WAC 390-16- 207(6). Furthermore, state law requires that political committees identify any candidate(s) or ballot proposition(s) that are supported or opposed by their expenditures (which includes staff time) on form C4. **WAC 390-16-037.**

On information and belief, WA Education Association PAC illegally failed to break down certain expenses, in-kind contributions, and debts as required by state law. Moreover, WA Education Association PAC have failed in numerous instances to abide by the requirement that independent expenditures/electioneering communications and in-kind contributions be properly broken down to show the amount going to support each candidate. This can easily be seen by comparing their C6 filings to what was reported on their C4s.

4) Failure to list committee officers. (Violation of RCW 42.17A.205 (2)(c), see WAC 390-05-245)

Respondent failed to list all committee officers on form C1-pc, which is required by **RCW 42.17A.205(2)(c)**.

The committee is required to list all individuals who, in conjunction with others, likely made, directed, or authorized expenditures, strategic or policy decisions on behalf of the committee.

On information and belief, unlisted officers include, but are not limited to, their parent organization WEA and the board members of that organization. Currently, **the WEA PAC have not listed any officers on their most recent C1-pc, which was filed on October 6, 2014.**

WAC 390-05-245 defines committee officer as: "...any person designated by the committee as an officer on the C-1 or C-1pc registration statement and any **person** who alone or in conjunction with other persons makes, directs, or authorizes contribution, expenditure, strategic or policy decisions on behalf of the committee" .

Please note that **RCW 42.17A.005 (35)** defines "person" as: "...an individual, partnership, joint venture, public or private corporation, association, federal, state, or local governmental entity or agency however constituted, candidate, committee, political committee, political party, executive committee thereof, or any other organization or group of persons, however organized."

5) Illegal unauthorized expenditure of funds by an individual not listed as an officer on form C-1/C1-pc. (Violation of RCW 42.17A.425)

State law requires that no expenditures may be made or incurred by any candidate or political committee unless authorized by the candidate or the person or persons named on the candidate's or committee's registration form.

On information and belief, WA Education Association PAC has failed to abide by this requirement.

6) Failure to timely update C1-pc. (Violation of RCW 42.17A.205(4))

On information and belief, the respondent has failed to update their C1-pc to include changes in officers and other information required to be included on their C1-pc, in violation of **RCW 42.17A.205(4)**.

7) State law requires that the committee treasurer preserve books of account, bills, receipts, and all other financial records of the campaign or political committee for not less than five calendar years following the year during which the transaction occurred. (Violation of RCW 42.17A.235 (6)).

On information and belief, WA Education Association PAC has failed to abide by this requirement.

8) Failure to include sponsor ID/list top 5 contributors. (Violation of RCW 42.17A.320)

State law requires that all political advertisement/independent expenditures contain sponsor identification, which includes the sponsor's name and address and top 5 contributors. Mediums defined as political advertisement that are required to contain sponsor ID include Facebook pages and advertisements per **WAC 390-05-290**.

On information and belief, WA Education Association PAC has failed to abide by this requirement.

9) Failure to timely file form C6 reporting independent expenditures/electioneering communications. (Violation of RCW 42.17A.255(2))

State law requires that independent expenditures must be reported to the PDC in a timely fashion. The form for disclosing independent expenditures is identified as form C6 according to the PDC. Please note, well over \$1,131,000 in independent expenditures was reported late. These violations are egregious by any definition of the term and frustrate the very purpose of the law.

See attached spreadsheet. **(Exhibit B - Illegally late reported C6 reports)**

10) Failure to register as political committee. (Violation of RCW 42.17A.235)

WEA PAC's parent organization Washington Education Association has failed to register as a political committee, in violation of state law. Additionally, WEA's subsidiary organizations, (such as Pilchuck, Seattle, Sultan EAs) have failed to register as political committees in violation of state law.

11) Failure to report ear-marked contributions. (Violation of RCW 42.17A.270)

State law requires that political committees receiving an earmarked contribution designated for the benefit of a certain candidate shall complete a report, entitled "Earmarked contributions," on a form prescribed by the commission that identifies the name and address of the person who made the contribution, the candidate or political committee for whose benefit the contribution is earmarked, the amount of the contribution, and the date that the contribution was received. Additionally, the committee shall mail or deliver to the commission and the candidate or political committee benefiting from the contribution a copy of the "Earmarked contributions" report within two working days of receipt of the contribution.

On various form C4s, the committee has apparently denoted the true source of the contribution. For example, in a donation to "People for Teresa", the committee gave the description "CONTRIBUTION FROM SEATTLE EDUCATION ASSOCIATION WEA-PAC MEMBERS". Presumably, this description means that the WEA PAC received a contribution from the Seattle Education Association intended to be donated to Teresa Mosqueda's campaign. Despite this, they never filed an ear-marked contribution report.

The committee's failure to report ear-marked contributions has generated confusion as to who actually made the contribution to various entities.

For instance, Teresa Mosqueda reported the source of his contribution as "WEA PAC" when it appears the true source was the Seattle Education Association. The committee's failure to report ear-marked contributions is illegal, widespread and has frustrated the purposes of the Act.

The PDC should investigate the possibility that WA Education Association PAC committed the above violations willfully and maliciously, which would be a class C felony per **RCW 42.17A.750 (2)(c)**. If the PDC determines that is the case, they should refer the case to the Attorney General's office for criminal prosecution immediately.
