Complaint Description
<p>Glen Morgan reported via the portal (Mon, 28 Aug 2023 at 12:49 AM)</p> <p>To whom it may concern,</p> <p>It has come to my attention that the King County Young Democrats PAC has violated Washington State's campaign finance laws (RCW 42.17A) over the past few years and continue to violate them today. The details are as follows:</p> <p>1) Illegal concealment of the truth from the public by excessively late reporting, or no reporting at all about their efforts to influence elections (Violation of RCW 42.17A.235, .240)</p> <p>This shady and secretive PAC has been around for years, filed as full reporting, but has only filed four reports in the past few years, and every one of them was egregiously late. See the attached spreadsheet showing the lateness of these reports from 446 to 112 days late – months to years after the C3 or C4 was due (I've attached this as a spreadsheet and as a PDF with the direct link to the report in the right hand column for staff reference)</p> <p>Worse that this, this PAC has clearly made some contributions during this time, but nothing has ever been reported by the PAC. For example, on October 24, 2020, the King County Democratic Central Committee reported that the King County Young Democrats PAC contributed \$250 (See PDC Report # 101011293, attached for staff reference), however the King County Young Democrats have never reported this transaction. How many other transactions remain unreported?</p> <p>This same PAC reported that it had \$7,322.45 in their bank account (See late PDC Report #110082723, attached for staff reference), however nowhere does this PAC explain where or from whom this money came. The truth has been concealed from the public for years.</p> <p>It is possible for this PAC to come clean and expose the truth. It will take some work to refile, years late as they may be, the actual expenditures and contributions made to this secretive PAC. Is the \$7,000+ still there? Did someone steal it all? Who gave them this money in the first place? Many questions like these can be answered with some hard work and investigation.</p> <p>This might be one of those cases where a subpoena of the bank records will be necessary to sort out the status of this PAC and what has happened to their funds and who else did they fund with this cash? What other campaigns were influenced? This is going to take some work to resolve.</p> <p>Best Regards,</p> <p>Glen Morgan</p>
What impact does the alleged violation(s) have on the public?
Secretive, well-funded PACs like this one that clearly attempt to influence elections, but conceal almost everything they do from the public need to be held accountable. They need to be exposed and sanctioned for their lawlessness and illegal activity.
List of attached evidence or contact information where evidence may be found
Very clearly detailed and attached
List of potential witnesses with contact information to reach them
If you can find any officers, starting with the treasurer, and if the money has been stolen or disappeared, it might not be a bad idea to figure out who had access to the bank account for a fraud investigation. Subpoenas of the bank records are probably the only real option to truly understand what has happened here.
