Dear Ms. Hansen,

We are in receipt of the recent PDC allegation and we are working to determine where any error occurred. Regarding the first allegation the \$43.80 discrepancy may be difficult to locate based on the date of the occurrence however we will continue to review our records and provide a response. We will make every effort to provide up to date reports by the due date. We will work with the PDC to correct any errors found.

Respectfully,

Grace D. Cross
