Hello,

I have read the complaint PDC Case Number 143926.

I will say that in reading the attached complaint that no person ever told me that I was in error to use the term re-elect.

I have been an elected City of Arlington Council person for 12 years, in my 3 terms, and 2 years ago after the citizens of Arlington elected me with a 60+% win, my fellow city council persons elected me to be one of the fire commissions to represent our citizens in the merged NCRFA. Two years ago I was sworn in as a North County Regional Fire Commissioner and have been an active member of that board with no issues. I thought of myself as an elected person representing the citizens of Arlington who had previously elected me to represent them. This is a new district that I have filed to run in at large, it did not exist before the merger. If I am in the wrong please tell me how to rectify the problem. I am happy to comply. In my 12 years on city council I have never been questioned as falsely representing myself to the citizens

Thank you,

Debora
