Complaint Description
Glen Morgan reported via the portal (Sun, 21 Jan 2024 at 3:44 PM) To whom it may concern, It has come to my attention (repeatedly) that the Washington Education Association PAC continues to violate Washington States campaign finance laws (RCW 42.17A) in many egregious ways. The specific details are as follows: Note on Background: As PDC staff is already aware, this large mega PAC is currently under active investigation for a variety of historic and blatant violations of Washington State campaign finance law (See PDC Enforcement Cases #141529 and #144263). Both of these original complaints which resulted in these active investigations were complaints I filed. In addition to those investigations, I will also point out that I was forced to file a Citizens Action Notice case against this same Mega PAC back in 2018 in Thurston County Superior Court for significant campaign violations in previous years (See Thurston County Superior Court Case #18-2-02284-34 for reference). As PDC staff is aware, the WEA PAC crew at the time paid that fine to the state and they also paid the attorney fees associated with my efforts to help them comply with state law. The violations I am outlining in the following complaint draft are additional violations of state law not already detailed to PDC staff in the cases currently under investigation. However, while these may be additional newly discovered violations, they are a continuation of the repetitive pattern of lawbreaking committed by the WEA-PAC - one of Washington State's largest and most active PAC. 1) Failure to report production costs for Bob Ferguson for Governor campaign endorsement video. Attempt to illegally conceal true costs of campaign contributions to candidate. Overlimit unreported contribution to candidate (Violation of RCW 42.17A.235, .240, .405) On November 17, 2023, this PAC produced and launched a formal WEA endorsement video titled "WEA-PAC members endorse Bob Ferguson for governor." It was posted on Youtube, and PDC staff can view this video at this link (unless the WEA PAC staff try to conceal the video or take it down after receiving this complaint): https://www.youtube.com/watch?v=Rm9djkv1pNo If the WEA PAC would report these true costs so the public could see them, rather than keep them secret, they would have reported them on their C4 covering that month's expenditures (See PDC report # 110193671, attached for staff reference). While they concealed these in-kind or vendor related contributions to Bob Ferguson's Gubernatorial campaign – it should be noted by PDC staff that this secretive, dark money MEGA PAC did report two max contributions totaling \$4,800 for Bob Ferguson's campaign. It appears this PAC was

concealing these additional expenditures in support of this candidate's campaign because they would be obviously illegally over the maximum PAC limit allowed under RCW 42.17A.405.

Regardless of the obvious motivations to conceal the truth by this PAC, they must properly report these expenditures and get a refund from Bob Ferguson of the illegal overlimit contribution they represented.

2). Failure to disclose debt, concealment of debts from the public (Violation of RCW 42.17A.240, WAC 390-16-042 – See RCW 42.17A.005)

I will discuss the obvious violations of this statute here, but it appears this type of violation has been habitual for this Mega PAC. Let's review some of the examples and the evidence. However, for PDC staff reference, it appears this is a common violation for this gang.

Some examples:

On 11/1/22, the WEA reported this expenditure:

11/01/2022

FINCHER CONSULTING, LLC

P.O. BOX 572 , KENT, WA 98035

Independent Expenditure: INV. 1005191 Direct Mail x26,408: LD 47/Kauffman/Support, Capitol City Press / KAUFFMAN, C \$20,410.00

Link: <https://apollo.pdc.wa.gov/public/registrations/campaign-finance-report/110140292>

However, in 2023, they reported a refund associated with this transaction:

01/01/2023

FINCHER CONSULTING, LLC

P.O. BOX 572 , KENT, WA 98035

Void - Stale Check \$20,410.00

Link: <https://apollo.pdc.wa.gov/public/registrations/campaign-finance-report/110186191>

Then it was reissued in May of 2023:

05/10/2023

FINCHER CONSULTING, LLC

P.O. BOX 572 , KENT, WA 98035

Independent Expenditure: Re-issue Inv 1005191 Direct Mailx26,408:LD 47/Kauffman/Support,Capitol City Press / KAUFFM \$20,410.00

Link: <https://apollo.pdc.wa.gov/public/registrations/campaign-finance-report/110186196>

However, it was not reported as debt in either January, February, March, or April of 2023.

More significantly than this one transaction though, they have not reported a single debt for all of 2023. This is likely evidence that there are debts that they are just simply not reporting. The fact that a PAC of WEA's size has not reported a single debt in an entire year should be cause for the PDC to give greater scrutiny to their filings.

<https://www.pdc.wa.gov/political-disclosure-reporting-data/browse-search-data/committees/co-2023-20621/debts>

This, among other obvious violations being committed by this PAC **caused me to inspect the books of this PAC on November 2, 2023, and I brought three friends with me to help with reviewing and taking notes on the paperwork at the WEA PAC headquarters in Federal Way.** While taking notes on a variety of receipts, contracts, and invoices we uncovered in a very large pile of documents, we found additional support for this specific **violation of RCW 42.17A.240 and WAC 390-16-042 – failure to report debt.**

As PDC staff is well aware, the WEA PAC attorney was not obligated to allow us to take photos of the documents we reviewed while we were there, but I will paraphrase our notes to better assist PDC staff in their ongoing, and likely to expand investigation into the widespread lawbreaking regularly committed by this large, dark money Mega PAC.

First, the same vendor referenced appeared to have a \$98,900 invoice agreement with the WEA PAC dated 1/20/23 and signed by Aimee Iverson (WEA-PAC) on 1/21/2023 for a variety of expenditures including a \$30,000 payment (**Check #296094**) issued to GBAO on May 1st, and other expenses of \$58,900 and \$10,000 spread out over the year, but **never reported as debt from the time after the original contract was signed, as clearly required by Washington State's campaign finance laws (RCW 42.17A.240 and WAC 390-16-042).** Please note that Aimee Iverson is the listed PAC treasurer, so presumably her signature on this vendor contract would be a good reminder that she should actually report the debt as required by law.

After taking these notes and looking directly at the original receipts (or copies of those receipts) while doing the book review, some of the payments to vendors, in addition to not being reported as debt when they were originally identified on the original contract in January 2023, they also appear to be reported on the incorrect C4s (expenditure reports) in which they were actually paid, or they were never reported.

For example, the \$30,000 expenditure approved as part of that \$98,900 invoice agreement with the WEA PAC appears to have been paid on May 1st, according to the original receipts, but was never reported as an expenditure on the C4 reports.

3) Complete failure to report many expenditures or conceal the name of vendors (Violation of RCW 42.17A.240)

There were many receipts, vendor payments, and other expenditures by this PAC for which evidence of payment and receipts were uncovered by volunteers during the book review on November 2, 2023, but which seem to have been unreported on this PAC's C4 (expenditure reports).

Please keep in mind, this is one of the largest ongoing Mega PACs in Washington State, and the millions of dollars that flow through this place like a Columbia River of cash are clearly enough to cover the cost of competent, professional and knowledgeable employees. There is no shortage of experience or resources floundering around in their large, expensive building, so something is really wrong here if they are just continuing to hide these expenditures from the public (or conceal them in some other shady way). Keep in mind, even with four capable volunteers to review the WEA PAC books for a couple hours (the attorneys ran a stop watch so that we couldn't review longer than the legal minimum) , we were not able to take notes on even a significant fraction of the total documents provided, so it appears that I may only be scratching the surface here.

Example #1

On May 15, 2023 an expenditure to Vendor named "Impactive Solutions" was made for \$563.37

While it wasn't clear what this expenditure was for, it appears to have been called "Online Services – Outvote Services" as an in-kind contribution from the WEA itself. This should have the actual vendor name in the C4, but by searching for this exact dollar amount, I MIGHT have found it cross referenced on **PDC Report #110186196** by the dollar amount itself, **however it isn't clear this is accurate or a truthful representation of the actual expenditure receipt I discovered in the book review on November 2, 2023. I will point out that, IF this is the same expenditure, it was reported on the wrong date – May 31, 2023 – which doesn't match the receipt itself.**

At a minimum, this secretive, sloppy PAC needs to go back and correct this C4 and provide accurate descriptions and accurate dates for this in-kind expenditure.

I'll tie in additional examples of this same vendor's identification being concealed by the C4 reports when cross referenced with actual hard copy receipts uncovered by volunteers during the November 2, 2023 book review:

Example 1A: Again, on June 20, 2023 – An expenditure to Impactive Solutions, Inc for \$500.07, but apparently **reported as happening on June 30th (10 days later – inaccurate) with another unclear description (See PDC Report # 110186202)**

Example 1B: Again, on June 24, 2023 – An expenditure to Impactive Solutions, Inc for \$499.99,

But apparently **reported falsely as happening a month later on July 24th, with another unclear description (See PDC Report # 110186214)**

At a minimum this PAC needs to go back and correct their past documents and report the truth they concealed from the public about these expenditures which only could have been discovered by volunteers inspecting the books of this shady organization.

Example #2

On May 1, 2023 a payment of \$4,500 was made to Crystal Fincher, at least according to receipts uncovered by volunteers during the November 2, 2023 book review at the WEA- PAC offices. While this can't be searched for by vendor in the expenditures of this PAC – it doesn't show up on their C4 reports. However, when it search for it by the dollar amount, once again, it appears to be an in-kind contribution falsely reported by the WEA as "consulting services" (no vendor explanation on **PDC Report # 110186195**). **Again, the date reported on the C4 report (April 30, 2023) is different from the actual receipt/invoice, but accuracy doesn't seem to be high on the agenda of this PAC crew.**

Example #3

According to documents, again uncovered by volunteers who sifted through the WEA PAC books on November 2, 2023, on June 12, 2023, **the WEA PAC paid a vendor "Global Experience Specialists" \$62,184.59, but there is nothing reported by that vendor name or that dollar amount in their C4 reports. It is just missing**

Example #4

According to documents, again uncovered by volunteers who sifted through the WEA PAC books on November 2, 2023, on June 12, 2023 – **the WEA Pac paid \$210 for a Fire Marshall Permit, but that was reflected on no C4. It is also missing from their public reports.**

Example #5

According to documents, again uncovered by volunteers who sifted through the WEA PAC books on November 2, 2023 – there are receipts reporting that on September 5, 2023 – the WEA PAC paid "Emily Hansen" \$409.15 for "political meeting, PAC meeting supplies, August Cell, digital designs, and coffee" with multiple receipts related to this person, **but her name**

doesn't show up on that month's C4 report, and this amount matches nothing reported then either. This expense is just memory-holed.

Example #6

According to documents, again uncovered by volunteers who sifted through the WEA PAC books on November 2, 2023 – there are receipts reporting that on September 5, 2023 – the WEA PAC paid "Julian, Quinonez" \$674.60 for "8/23 WEA PAC Meeting." **The receipts at the WEA PAC review clearly indicated this expense was paid, but there isn't a C4 filed by this MEGA PAC that reports this fact. This is just one of many mystery missing expenditures.**

Example #7

According to documents, again uncovered by volunteers who sifted through the WEA PAC books on November 2, 2023 – there are receipts reporting that on September 5, 2023 there are receipts reporting that a "Jill Dahlen" received payment of \$580.36 for "Train the Trainer Event" **but again, this information was concealed from the public when the WEA PAC didn't report this information on their C4 reports.**

Example #8

According to documents, again uncovered by volunteers who sifted through the WEA PAC books on November 2, 2023 – there are receipts reporting that on September 5, 2023 a payment was made to "Kathleen Heiman" for \$650 apparently for "Sept 23 Insurance" **but once again, this information has been concealed from the public and not reported on any C4s crafted by this large Mega Pac and presented to the public as some approximation for what they are doing with their mountains of cash.**

Example #9 –#27

This is a series of expenditures which have been concealed from the public, probably for many years, yet, they were uncovered, once again, by volunteers willing to sift through the WEA PAC books on November 2, 2023, which indicated specific expenditures to various school districts to reimburse those districts, in theory, for the substitute teachers those districts had to hire in order to replace the WEA PAC board members who are still occupying the position of a teacher in these respective districts. Presumably, these various individuals departed the classroom or escaped the schools in order to do "WEA PAC Business." This is information which is not clearly reported by this PAC on their C4s. In addition to being a violation – **this presents a very simple and easy to achieve remedy. This Mega PAC needs to go back for the past 5 years and correct this failure to report the truth. Since we were only able to review the 2023 information,** I can only provide PDC staff the information collected for 2023, but similar documentation and evidence exists somewhere at the WEA Pac

headquarters which would allow this Pac to correctly and accurately report the truth to the public for a change (at least in this one small area – we can't make them tell the truth everywhere).

Here is a small sampling:

Date person	School District - date of sub Amount	Name of WEA PAC

7/10/23	Tacoma SD – 5/23/23	S. Shamblin	\$236.80

It isn't very much work for this multi-million dollar PAC to go back and just correct all the missing information on all their C4 expenditure reports. The public deserves no less, and with all the funds they have sloshing around, this PAC can easily afford to follow the law the law the first time, or, this time anyway.

4) Willful and malicious failure to disclose pledges (Violation of RCW 42.17A.240(2))

According to the PDC's website, a pledge is: "a promise of a future monetary or in-kind contribution. Pledges of \$150 or more are reportable in Part 2 of Schedule B [on form C4]. A pledge may be written or oral and for cash or in-kind contributions."

The WEA-PAC has not reported a single pledge in the entirety of 2023.

a) Because of the close relationship between WEA-PAC and WEA proper (where WEA financially supports WEA-PAC as evidenced by the many, many in-kind contributions every

month), it is extremely likely that when WEA promises to pay for WEA-PAC related expenditures, that constitutes a reportable pledge that is not being reported.

b) In the WEA-PAC's response to the complaint in PDC Case # 141529, the WEA notes: " First, WEA PAC receives thousands of small-dollar donations from WEA members each month. These donations come in through one of two ways: individual credit-card charges, or **lump payments collected via payroll deduction and remitted from the K-12 school districts** that employ participating WEA members " (See the attached September 26, 2023 response from the WEA PAC law firm, from which this quote is found).

The WEA-PAC has certainly failed to disclose certain pledges from teachers or other individuals participating in the payroll deduction program. Take for example the recurring contributions of similar amounts disclosed as being from Maureen Ramos (as just one of hundreds of similar examples), see below:

Date	Name	Amount	WEA – PAC PDC Report
12/19/2023	Maureen Ramos	\$20	PDC Report #110196576
11/29/2023	Maureen Ramos	\$20	PDC Report #110190297
10/25/2023	Maureen Ramos	\$20	PDC Report #110183669
9/29/2023	Maureen Ramos	\$20	PDC Report #110175857
8/22/2023	Maureen Ramos	\$20	PDC Report #110167745
7/24/2023	Maureen Ramos	\$20	PDC Report #110161037
6/23/2023	Maureen Ramos	\$20	PDC Report #110154895
5/24/2023	Maureen Ramos	\$20	PDC Report #110154134
4/25/2023	Maureen Ramos	\$20	PDC Report #110146796
3/30/2023	Maureen Ramos	\$20	PDC Report #110140348
2/28/2023	Maureen Ramos	\$20	PDC Report #110137221

From the dates and contribution pattern indicated, it appears that Maureen Ramos made an initial contribution of \$20 in January of 2023 (that was not itemized because it was under \$25, however by February we can tell that she contributed \$20 in January because the C3 contribution report lists the aggregate contribution as \$40) that was part of a recurring deduction program that would automatically continue to make recurring donations of the same amount to the WEA-PAC throughout the course of the year. The **WEA-PAC could have and should have calculated that over the course of the year, this would result in an aggregate contribution of \$240 (12 months times \$20). This is well over the reportable pledge threshold of \$150. As such, the WEA-PAC was likely required to list this pledge from Maureen Ramos (and it appears many, many other donors) on each C4 expenditure report every month until the pledge amount was no longer \$150 or more.** Unfortunately, and quite predictably, this did not happen.

All we are asking is for the WEA Pac to start to follow the law, perhaps for the first time in its existence, when it comes to reporting pledges. It is possible, despite their legal counsel's

excuses for their past and continuing behavior, for even this well-funded Mega PAC to follow the law. They may not want to follow the law, but it is possible for them to do so if they are motivated to do so. The PDC staff will need to help educate this PAC to encourage to follow the law because it is clear they won't do it on their own.

This is really an easy solution to go back and correct as well. All the WEA PAC needs to do is first, report all pledges from individuals who utilize the WEA-PAC automatic payroll deduction program that takes out more than \$13 per month, which results in annual contributions over \$150, which require pledge reporting under RCW 42.17A.240(2). They can do this, and the solution is easy for them to correct, not just for 2023, but for the last 5 years.

5) Failure to disclose accurate occupation information, willful falsification of fake occupation information by WEA PAC (Violation of RCW 42.17A.240, WAC 390-16-034)

For a large number of contributors who contributed more than \$250 in election year 2023, the WEA failed to disclose the accurate occupation of numerous donors (see bolded names in list below). (Note: the aggregate amount listed in the spreadsheet undercounts the total amount given due to non-itemization of the first contribution). Instead, of providing the true occupation of these donors, **the WEA-PAC willfully, falsely, and apparently with some malice lists "other" instead of their real occupation, which is improper and illegal.** I will also point out that **the WEA PAC has in years past been capable of following this clear law, but instead has willfully decided, in addition to their other lawbreaking, that they wouldn't follow this law** either.

Moreover, the WEA-PAC lists many contributors as having an occupation of "other" who have given less than \$250. This is also improper. Under the precedent set by the agency in the Jepperson case (**See PDC Enforcement Case #142837 for staff reference**), if a political committee opts to report information that it is not required to be reported, an argument has been crafted by PDC staff that there is still a clear obligation to ensure that the information reported is accurate. **The WEA-PAC doesn't have a license to lie and provide fake information just because they were not obligated to provide that information in the first place.** WEA-PAC blatantly failed to do the right or legal thing in this case as well.

The good news, for the WEA-Pac and the public is that the solution to this violation is easy and simple. The WEA-PAC merely must go back and correct the historic reports of these donors for which fake information had been used, and replace it with real information for the benefit of the public and legal compliance. This is an easy solution to this law-breaking.

I've attached the initial list of the contribution donors where the WEA PAC will need to go back and fix their lawbreaking (It is only 78pages, so this should be easy for a well-funded Mega PAC like this one to fix their legal problems). This should serve a type of punch list for

their convenience and PDC staff convenience to verify they are, after long last, finally in some type of compliance with the law.

Obviously, it would be helpful if this Pac also turned over a new leaf moving forward and corrected their already deficient reporting in this area as well, but if they want to wait until the next complaint to do so, that is fine as well. It isn't very efficient, but breaking the decisions to break the law by this crew doesn't produce efficient results.

6) Failure to include the names/addresses of sub vendors for in-kind contributions since last complaint was filed (Violation of RCW 42.17A.240).

WEA-PAC is continuing to fail to include the names/addresses of sub vendors for in-kind contributions. Take for example these in-kinds: the name of the sub vendor (Iglitzin Law Firm) and the address of the sub vendor is not being provided, in violation of staff's interpretation of what is required. This is just flagrant violations of the statute, even while this crew is in the middle of an active investigation by the PDC. Either they just don't care to follow the law, or they are certain the PDC is a toothless and useless organization which can't compel them to comply regardless.

Additionally: the PAC failed to disclose the dates that this Facebook advertisement was run, the number of impressions generated, as well as the full mailing address for Facebook for the an in-kind contribution of \$411.31 on October 31, 2023: **(See PDC Report #110193671, attached for staff reference).**

There really is no excuse for just ignoring the law. This crew has the resources necessary to comply, they are one of the largest PACs in Washington State, and clearly they know the law. They just don't want to follow it, and the PDC is the last stop on their road to either compliance or continued widespread lawbreaking.

Let me know if you need additional information. I haven't completely finished reviewing the notes from the four notebooks we filled out from our November book review of this Pac, and it seems likely there are additional violations yet to be confirmed, but I can add that into the next complaint against this PAC, since they appear to be determined to continue to break the law.

It is obvious only eternal vigilance, and probably many, many complaints plus rigorous review by PDC will be required to get this crew even semi-close to compliance.

Best Regards,

Glen Morgan

What impact does the alleged violation(s) have on the public?
The public has a right to know what one of the largest Mega, dark money PACs in Washington State does every year with their mountains of cash. This secretive PAC engages in hundreds of campaigns every year, and the piles of cash they distribute should be properly accounted for. This large corporation should be able to follow the law - they have plenty of cash to pay for professional help. The only conclusion the public can come to is that they just willfully break the law because they believe they are too big to be held accountable.

Re: PDC Case No. 141529
BIL No.: 3450*008-001

Dear Mr. Stutzman,

We are writing on behalf of Washington Education Association PAC (WEA PAC or Committee) to respond to the allegations raised by Glen Morgan in his August 20, 2023, and September 17, 2023, complaints. These complaints, now consolidated, are the second and third filed by Mr. Morgan against WEA PAC this year, and two of just under 100 complaints he has lodged against progressive candidates and committees in 2023 alone. Mr. Morgan's August 20 complaint against WEA PAC contains allegations of late reporting in violation of RCW 42.17A.235 and .240. Mr. Morgan's September 17 complaint contains a specific allegation that WEA PAC has failed to timely report certain legal expenses in violation of the same RCW provisions.

As an initial matter, we believe that Mr. Morgan's August 20 complaint should be dismissed as unfounded or frivolous because his bare-bones allegations of late reporting largely involve amended reports and thus cannot be treated as supported or substantiated based on filing dates alone. If the agency chooses to nonetheless devote further resources to this matter, we believe that a reminder or warning letter would be most appropriate given the Committee's good faith efforts to timely and accurately report and mitigating circumstances related to the frequency and complexity of the Committee's reporting. Mr. Morgan's September 17 complaint is unfounded and should be dismissed because WEA PAC was not required to report the legal expenses at issue on its September 11 C-4 report pursuant to WAC 390-16-042.

I. WEA PAC objects to further assessment of Mr. Morgan's broad and unsubstantiated complaint.

Mr. Morgan's campaign to tax the resources of the PDC and respondent committees in the lead-up to a general election was already troubling. But his recent practice of filing sweeping allegations of late reporting is particularly harmful for respondent committees that must spend significant time to

reconstruct which reports, if any, flagged by Mr. Morgan were in fact untimely. While WEA PAC has endeavored to review and offer explanation for the 286 reports included in Mr. Morgan’s complaint, Mr. Morgan’s broad allegations, and mixed signals from agency staff about their approach to evaluating them, does not provide the committee with adequate notice as to the true scope of the agency’s potential investigation. It should not be that Mr. Morgan’s filing of a cursorily annotated spreadsheet of the Committee’s past reports—with no evidence or allegation that any information required to be disclosed was in fact withheld from the public—is enough to obligate the Committee to review five years of reporting and to make Mr. Morgan’s case for him through its response to the agency. Rather, the PDC should dismiss Mr. Morgan’s complaint as unfounded unless and until he is able to provide specific allegations of information that was required to be disclosed and was late reported—accounting for permissible reasons a committee may file after a reporting deadline.¹ Such an approach would be consistent with the instruction in the Fair Campaign Practices Act (FCPA) that the Act be construed “to ensure that all persons reporting under this chapter will be protected from harassment and unfounded allegations based on information they have freely disclosed.” RCW 42.17A.001.

Having lodged this objection, WEA PAC offers the below argument and explanation in response to Mr. Morgan’s late reporting allegations in the hopes of securing a resolution to the consolidated complaint.

II. Legal Background

Under the FCPA, political committees must file reports of contributions and expenditures made as well as bank deposits on prescribed schedules. RCW 42.17A.235. However, amendments to previously filed reports are expressly allowed for under the Act, *see* RCW 42.17A.235(10), and neither the Act nor accompanying regulations impose rigid penalties for late or amended reporting. Such penalties would have the perverse effect of discouraging committees from correcting past errors or offering additional disclosure through late or amended reports.

Moreover, the PDC’s enforcement procedures recognize that the potential harm to the public of a committee’s late reporting depends on the nature of the information being reported. Thus, a committee’s failure to timely file accurate reports is a minor violation “[w]hen required information is not timely disclosed, but the public is not deprived of critical information” or “[w]hen incomplete information is disclosed, but a good faith effort to comply with disclosure is made, and the public is not deprived of critical information.” WAC 390-37-061. Additionally, the Director may consider the specific context in which the late and amended reporting occurs in determining whether an alternative response to alleged noncompliance is appropriate. Specific factors weighing in favor of an alternative response include:

- 1) Whether the amount of late-reported activity, or the duration of the untimely disclosure, was small in proportion to the amount of activity that was timely reported by the respondent; and
- 2) Whether the respondent quickly took corrective action or initiated other remedial measures prior to any complaint, or when noncompliance was brought to the respondent’s attention (e.g.,

¹ *See* Complaint Return Letter for PDC Case No. 32210, dismissing blanket allegations including that amended reports were late filed on the basis that the complainant (Mr. Morgan) failed to provide evidence to support or substantiate his complaint.

filing missing reports, amending incomplete or inaccurate reports, returning prohibited or over limit contributions).

WAC 390-37-061. The PDC may also consider other circumstances that mitigate or explain late reporting or other noncompliance. *See id.*

In light of these considerations, this complaint should be dismissed with a reminder or warning as the number of late-filed reports is tiny in comparison to the Committee's total volume of reporting and the Committee's use of amended reports represents a good faith effort to furnish timely and accurate disclosure of critical information in the face of practical constraints.

III. WEA PAC's late filing is minor and has little impact on the public.

As a factual matter, the overwhelming majority of reports flagged by Mr. Morgan as untimely were in fact amendments to timely filed reports. In virtually every instance in which a report was marked on Mr. Morgan's spreadsheet as being more than 21-days late, the Committee in fact provided timely initial disclosure and subsequently furnished amended reports in a good faith effort to increase the accuracy and transparency of its disclosures. This includes reports that do not appear on Mr. Morgan's spreadsheet to be amended reports but were in fact amendments to prior timely filed reports. WEA PAC has been diligent in consistently filing timely reports, even where specific challenges related to the Committee's structure and activities have necessitated the subsequent filing of amendments.

Mr. Morgan's allegations include 212 C-3 and C-4 reports which, on their face, appear as amendments to previously filed reports. The Committee's thorough review of amendments filed more than 21 days after the initial filing deadline identified just one instance in which a corresponding initial report was untimely filed.² In this one instance, the initial report at issue was filed on July 11 rather than July 5, 2022. Mr. Morgan's allegations also included 15 C-3 reports that do not appear on their face to be amended reports and were filed significantly after the applicable filing deadline. However, all 15 of these reports are in fact also amendments to previously filed reports.³ Once again, the Committee's review could identify just one instance in which an initial report was filed after the initial filing deadline. In this case, the initial report at issue was filed on September 14 rather than September 12, 2022.⁴

Including the two late-filed initial reports mentioned above, the Committee has filed C-3 reports between 2 and 10 days late on 38 occasions in the last five years.⁵ As discussed, any report allegedly filed more than 10 days late was in fact an amendment to a previously filed report. WEA PAC has filed a total of 1,114 reports since August 20, 2018, including 850 that were initial rather than amended reports.⁶ Thus,

² C-3 Report No. 110098558, subsequently amended by C-3 Reports No. 110136693 and 110136718.

³ The Committee is unsure why these reports do not appear in the PDC's system as amendments. The following reports are in fact amendments to the initially filed reports indicated parenthetically: 110138235 (110087658); 110138474 (110103585); 110138561 (110105922); 110138609 (110105928); 110138988 (110113039); 110138992 (110115651); 110139068 (110116580); 110139084 (110118937); 110137587 (110122282); 110140213 (110127458); 110139531 (110126675); 110144086 (110133961); 110140214 (110129826); 110143946 (110134168); 110143717 (110131292).

⁴ C-3 Report No. 110113039, subsequently amended by Report No. 110138988.

⁵ It is the Committee's understanding that the PDC does not view a one-day delay in reporting to be a material violation. *See* Complaint Return Letter for PDC Case No. 30906.

⁶ This number is likely not wholly accurate given that some of WEA PAC's amended reporting appears in the PDC system as initial reports.

these late-filed reports represent a small fraction of the Committee's overall reporting. Additionally, as the Committee relies on a reoccurring pool of small-dollar donors who are regularly disclosed, slight delays in its C-3 reporting has minimal impact on public knowledge of its contributor base. As discussed below, WEA PAC faces significant challenges in timely reporting the large volume of small contributions it receives, particularly during the pre-election period, which should also be considered as a mitigating circumstance in evaluating its late reporting.

IV. WEA PAC's filing of amended reports reflects a good faith effort to provide timely disclosure despite practical challenges.

WEA PAC has diligently filed hundreds of timely reports in the last five years. However, two practical constraints faced by the Committee have also necessitated its not infrequent use of amended reports in order to provide both timely and full disclosure to the public.

First, WEA PAC receives thousands of small-dollar donations from WEA members each month. These donations come in through one of two ways: individual credit-card charges, or lump payments collected via payroll deduction and remitted from the K-12 school districts that employ participating WEA members. For school districts that do not utilize WEA PAC's invoicing system, it has proven administratively infeasible for the WEA PAC to consistently verify each of the thousands of individual members who have contributed via payroll deduction and further determine the individuals that must be individually listed on the C-3 report in time to file a fully itemized C-3 report. Instead, WEA PAC has filed a timely initial report that includes the payments received from each school district as miscellaneous receipts. WEA PAC then files an amended report that discloses the same contributions recategorized as small contributions and itemized individual contributions. This practice has minimal impact on public transparency because the Committee is timely filing a C-3 report that accounts for the total amount received and discloses the employers associated with any non-itemized contributions. Individual payroll contributions to the PAC range from \$2.25 to \$10.50 per month and thus need only be itemized to account for aggregate recurring donations. Thus, contributions which are later itemized on an amended report typically come from recurring donors whose names have already been disclosed. While WEA PAC believes that this approach does not deprive the public of critical information (and ensures timely filing), it would be open to working with the PDC to modify its approach to this ongoing reporting challenge.

Second, WEA PAC receives significant in-kind support from WEA, including staff time. The Committee endeavors to report the true cost of this staff time for WEA rather than a WEA-provided approximation of fair market value, accounting for staff salaries and benefits as well as travel and other expenses reimbursed by WEA. However, WEA PAC has not always been able to receive complete time sheet and reimbursement information for the relevant WEA staff by the applicable filing deadline. In these cases, the PAC provides its best good faith estimate of in-kind contributions received and subsequently amends its reporting to provide updated dollar values based on any additional information it subsequently receives from WEA. These amendments entail adjustments up or down to already-disclosed in-kind contributions, not first-time reporting of previously undisclosed contributions or expenditures. Once again, the PAC's use of amended reports allows it to timely file an initial report and to later make adjustments based on new information. The Committee has also worked with WEA to implement new internal reminder systems that will minimize staff delays in providing the necessary information for its C-4 reports.

The WEA PAC continues to work to address these ongoing practical challenges and to reduce the number of amended reports it files. However, as the Committee consistently files timely initial reports disclosing the required critical information, these amendments have minimal impact on the public.

V. WEA PAC’s filing of amended reports also reflects proactive efforts to review and improve its reporting through audit procedures.

In addition to the above-discussed challenges, WEA PAC’s filing of amended reports is a result of the Committee’s proactive review of its own reporting. WEA PAC conducts a comprehensive internal audit of its reporting in the first quarter of each year followed by an external audit. Given the large volume of reports and activity by the Committee, this is a significant undertaking. If and when the Committee discovers any past errors or omissions in its reporting during this audit process, it promptly amends the relevant report, as well as all subsequent reports to ensure that previous balances and campaign totals are also updated. Thus, a single change often results in amendments to numerous reports. The errors or omissions at issue are typically small, such as missing bank interest, payment processing fees, or a small-dollar donation, or involve the types of in-kind adjustments discussed above. Thus, they are not instances in which the public has been deprived of critical information. The Committee has at all times made a good faith effort to comply with disclosure requirements and takes active steps to ensure that its reporting contains all required information. WEA PAC is currently implementing a quarterly internal review process in addition to its annual audit to reduce the amount of time between its filing of initial reports and the filing of any necessary amended reports.

VI. WEA PAC was not required to disclose August legal expenses on its September 11 C-4 report.

The FCPA defines “expenditure” to include a “promise to pay” and provides that “agreements to make expenditures, contracts, and promises to pay may be reported as estimated obligations until actual payment has been made.” RCW 42.17A.005(22). Further, RCW 42.17A.240(9)(a) requires that committees report “[t]he name and address of any person and the amount owed for any debt with a value of more than seven hundred fifty dollars that has not been paid for any invoices submitted, goods received, or services performed, within five business days during the period within thirty days before an election, or with ten business days during any other period.” WAC 390-16-042 updates the reporting threshold and partially clarifies the timelines for reporting campaign debts. It provides:

- (i) For reports due within 30 days of an election, debts or obligations of more than \$1,000 must be reported if the debt or obligation has been outstanding for more than five business days as of the last day of the reporting period.
- (ii) For reports due during any other reporting period, debts or obligations of more than \$1,000 must be reported if the debt or obligation has been outstanding for more than 10 business days as of the last day of the reporting period.

WAC 390-16-042(d)(i)-(ii). The Committee reads this language to mean that it is only obligated to report a promise to pay for services rendered when the obligation is outstanding—that is, the service provider has made a request for payment that has not yet been fulfilled.⁷

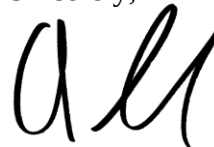

WEA PAC was billed for legal services rendered in August during the first week of September. Thus, any debt owed for those services had not been outstanding for more than ten business days by the close of the last reporting period on August 31. WEA PAC was not obligated to report these expenses on its September 11 C-4 report, and its failure to do so is not a violation of the FCPA.

Conclusion

Given the bare-bones nature of Mr. Morgan's late reporting allegations and the sheer number of complaints filed with the PDC, this complaint should be dismissed as unsubstantiated because Mr. Morgan has failed to provide evidence of late-reported information beyond the dates on which the Committee has filed reports. Allowing the complaint to go forward imposes an unjustified burden on WEA PAC and committees similarly targeted by Mr. Morgan's late reporting spreadsheets. If the PDC chooses to pursue further assessment of this matter, it should ultimately be dismissed with a reminder or warning letter because WEA PAC has engaged in good faith efforts to timely and accurately file required reports despite significant practical challenges and the public has not been deprived of critical information. This would be consistent with the agency's approach in other complaints involving allegations of late reporting.⁸ Mr. Morgan's more recent allegation that the Committee has failed to properly disclose legal expenses on its September 11 C-4 report is unfounded because WEA PAC is not yet obligated to report those expenses.

⁷ This interpretation is predicated on the assumption, fully applicable to the present case, that the service provider provides timely notice of the payment obligation, e.g., sends out regular monthly invoices. Clearly, the reporting obligation could not be evaded by having the service provider simply fail to send a timely invoice. Additionally, this interpretation would not apply if a commitment to pay a specific amount of money has been made, e.g., an agreement to make a specific expenditure. It would only apply, as here, where there is a generalized promise to pay for services rendered, but there is no information available, until the invoice is provided by the service provider, regarding how much money will ultimately be owed to that provider.

⁸ See, e.g., PDC Case No. 27923 (complaint involving reports filed between 1-10 days late and amendments of timely reports dismissed with reminder); PDC Case No. 47219 (complaint involving periodic late reports dismissed with reminder); PDC Case No. 30820 (complaint involving periodic late reports and large volume of timely reporting dismissed with reminder); PDC Case No. 51086 (complaint involving failure to timely report in-kind staff contributions and other late reporting dismissed with warning as \$3,843.78 in late disclosed staff time was "not material in amount and had no impact on the public"); PDC Case No. 59665 (complaint involving reports filed between 2-107 days late dismissed with warning).
