Citizens for Kelso Schools is a group of volunteers who campaign for passage of Kelso School District Levies and Bonds.

Our current 2024 campaign is 4 years after our last 2020 campaign. During this time, our treasurer relocated, and a new treasurer volunteered.

The learning curve of first establishing the online credentials to file reports, then the understanding of how and when to file reports, took some time to sort out. The new treasurer worked with PDC support to resolve issues, and PDC Support was timely and helpful in their responses.

As of now, the treasurer is able to file C3 and C4 reports, and Citizens for Kelso Schools is current for the 21 day report and 7 day reports for the February 13, 2024 Levy Election campaign.

Please respond to this email so I know it has been received.

Regards

Mike Haas

President, Citizens for Kelso Schools
