Complaint Description
<p>Glen Morgan reported via the portal (Sun, 3 Mar 2024 at 9:50 PM)</p> <p>To whom it may concern,</p> <p>It has come to my attention that the Woodland Citizens for Schools PAC appears to have violated Washington State's campaign finance laws (RCW 42.17A) for many years now. The details are as follows:</p> <p>1) Failure to document the mystery appearance of new funds in PAC account (Violation of RCW 42.17A.240, .235)</p> <p>This appears to be a PAC that refiles a new C1 every year, at least since 2020, and I'll get into the bonus violations they appear to have committed along the way, but this specific allegation just has to do with mystery funds that appeared between two C4 (expenditure reports). Specifically, the last C4 this mystery PAC had filed at the end of their 2020 season (See PDC C4 Report (the 4th amended one in a series) Tracking # 100981498, attached for staff reference) indicated on Line 18 that this PAC had \$1,798.13 in the bank.</p> <p>However, unfortunately, when this PAC pops up on the cash flow radar again, in 2024, their first C4 expenditure report indicates they have \$1,853.00 in the bank (See PDC C4 Report Tracking # 110200653, attached for staff reference). Where did the bonus \$54.87 come from? There is no explanation provided, but they need to report the truth and not conceal it from the public. Was it bonus cash from a secret donor? Was it lunch money lifted from the kids? Where did the money come from? This needs to be reported honestly by this PAC and reported so that the public will know.</p> <p>2) Late reporting on pretty much every report for the 2024 campaign (Violation of RCW 42.17A.240, .235)</p> <p>As this PAC has admitted, there was political activity including, apparently expenditures and contributions (in addition to the secret cash detailed above) that would have required, at a minimum that this PAC start filing both C3 contribution reports and also C4 expenditure reports for December activity. Instead, they filed all the reports in one big jumbled batch on February 9th – a month late. In addition, despite the clear requirements to do so, they failed to file a 7-day pre-election C4, which was due February 6th, and they also failed to file their legally required 21-day pre-election C4 as well.</p> <p>This is a serious PAC, with lots of funds – many of which were provided by SEIU and the WEA – both of whom are serial campaign finance violators themselves, so they are well aware of the legal requirements to be in just basic levels of compliance, yet they chose to ignore the law, once again.</p> <p>Now, this crew may very well claim they violated the law out of desperation. They did lose both the levy special election votes in 2023 – I've attached those results for reference, as well as this final successful effort to pass the levy (third time is a charm?). However, it will be very troubling if part of their success this time was due in part to their lawbreaking.</p> <p>3) Failure to accurately describe expense, and the illegal concealment of required information from the public. (Violation of RCW 42.17A.240, RCW 42.17A.235 & WAC 390-16-037)</p>

As has been my habit over the years, once I realize that a PAC crew like this is willing to openly and flagrantly violate the law in such a brazen fashion, then I can usually expect to find other violations, and that pattern of lawbreaking behavior continues into the failure of this well-heeled PAC failing to provide the legally required details on many of their expenditures, in **clear and obvious violation of WAC 390-16-037, example B**. The specific examples are as follows:

• **See PDC C4 Report # 110200653** attached for staff reference – the \$355 expenditure to OfficeMax for “signs,” the \$1,105.39 expenditure to Minuteman Press for “Door Hangers,” and the in-kind contribution from the WEA for \$323.76 for “Literature” are all examples of where this PAC failed to follow the law and provide the details of how many of these items were produced and purchased (or received through in-kind contributions), **as clearly and explicitly explained in WAC 390-16-037, example B**. At a minimum, this PAC will need to refile these late reports and make the information even later just to bring them into minimum compliance with the law.

• **See PDC C4 Report # 100974216** attached for staff reference as well – this report is from the 2020 campaign and also demonstrates how it is a strong pattern of behavior for this organization to break the law. As you can see – almost every expenditure for “Signs/Banners” which in three different transactions total over \$2,000 – **not once did they comply or even attempt to comply with WAC 390-16-037, example B – more clear examples of lawbreaking.**

Just because lawbreaking may be habitual and a pattern of behavior by this crew – this doesn’t mean they have to keep breaking the law in the future. This organization clearly needs some adults to step in and probably subpoena their bank records to make sure their bank balances line up with line 18 on the C4 expenditure reports they file.. It also appears likely that they will see this recent lawbreaking as a path to success in the future, so they will continue these lawbreaking habits, unless the PDC issues some level of financial penalty to help convince them to stop breaking the law in the future.

Let me know if you need anything else on this one.

Best Regards,

Glen Morgan

What impact does the alleged violation(s) have on the public?

The public has a right to know where secret cash comes from - not just have it appear in their bank accounts. The public has a right to know the legally required details of the expenditures a Dark Money PAC like this one makes, and the public has a right to expect well-funded PACs like this one can start to comply with the law if they really want to do so. They can file reports on time, this crew just decided they wouldn't bother.

List of attached evidence or contact information where evidence may be found
All referenced in the complaint
List of potential witnesses
Everyone involved in the PAC - C1 attached for reference. Probably subpoena their bank records just to be safe.
