Please assign Green Party of the United States/Coordinated Campaign Committee a Filer Assistance Specialist to begin the process to complying with the Washington State regulations for out-of-state contributions. Skimming the complaint document, I see that we clearly had produced the grants that Mr. Edwards cites. We are in the middle of a presidential campaign (and I am an unpaid, volunteer Treasurer!) so I would like to hear about a simple, straightforward path to resolving this issue.

Thank you in advance for any assistance you can provide.

Peace,

Bob Stuller

Treasurer, Green Party of the United States
