

File a Formal Complaint - Heather Sinnott

[Heather Sinnott](#) (Wed, 4 Oct at 9:53 AM) via Portal Meta

Kris Greene for Vancouver Port Commissioner has violated Title 390.18 of the Washington State Administrative Code.

Kris Greene's campaign recently sent out a political mailer to residence. This publication was a single page bifold mailer (Presented magazine style). The mailer does not clearly state who as paid for the advertisement on the first page or fold of the advertising. The information is printed on the last page or fold of the advertisement. This is a direct violation of 390.18 (4) and (5)(a).

I have attached pictures for reference.

Title 390 WAC

390-18

(4) Printed advertising shall clearly state, in an area set apart from any other printed matter, that it has been paid for by the sponsor (Example: (1) Paid for by the XYZ committee, mailing address, city, state, zip code; (2) Vote for John Doe, paid for by John Doe, mailing address, city, state, zip code).

(5)(a) Advertising consisting of more than one page but intended to be presented as a single item (e.g., 3-page letter with return envelope) must identify the sponsor on the first page or fold of the advertising. Identification on an enclosed return envelope or the envelope in which the advertising is sent is not sufficient.

matters*" Port Candidate
GREENE stands ready to
make the hard decisions for
all of the Port district.

The political left &
right join hands to
endorse **Kris GREENE**
for **Port of Vancouver
Commission**.

Kris Greene, the right choice to support our community, grow our economy

The Right Choice for Our **PORT of VANCOUVER** **COMMISSIONER**

Kris Greene was born and raised in the Northwest where he learned his values of **family, respect for the environment, community and hard work**. For the last 20 years, **Kris** has called Vancouver home with his wife Jenine where they raise their three children (Kelly, Stephen & Carissa) and a beagle named Emmy.

During his time in Vancouver, **Kris** established and grew a business managing client's risk needs by **focusing on business growth and employee development**.

As a **20-year resident, husband, father, business owner, voter and taxpayer** in Vancouver – **Kris** knows the **importance of the Port of Vancouver's economic engine and the need to protect the environment**. **Kris** believes that through good management, the **Port** can provide **good family wage jobs, protect the environment and help our country become more energy independent**.

Kris GREENE for Our Port Commissioner

ht choice to represent Our Port District. He will
grow our economy, and protect our environment.

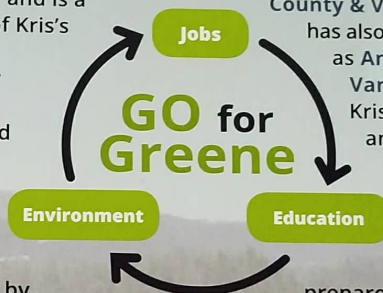

Making a DIFFERENCE

Kris Greene has always been active in the local business community and is a small business owner. Some of Kris's community and public service consists of being President for four years at the Evergreen School District Foundation and acquiring multiple leadership positions at St. Joseph's Church, where he volunteers every Saturday morning.

Kris also serves his community by being on the board of the East Vancouver Business Association, the Columbia Heights

Owners Association, the Greater Clark County & Vancouver Rotary Clubs and has also had the distinct honor to serve as Ambassador for the Greater Vancouver Chamber of Commerce. Kris has the experience, knowledge, and strong values of community and hard work that he will dedicate to the safety and growth of our Port.

For over 30 years, Kris has prepared himself to be one of the Port of Vancouver's finest Commissioners.

I believe the Port of Vancouver will be the largest economic growth engine on the West Coast. I am running so I can bring my risk management experience and skill set to thoughtfully impact and guide economic development and future growth, while furthering the Port's competitive leadership in the region. My generational plan is about growth in industrial development, importing, and exporting; all which links to the creation of family wage jobs that will favorably impact the development of our community and our students.

I strongly believe in public service, and as a commissioner, my efforts on behalf of the community will be broadened to enable me to do what is best for our Port's future.

We need to elect a Commissioner who, like most of us, knows the value of family and the protection of their future. A commissioner who's concern is not just about the environment, but also for our economy and community growth.

I promise with your vote I will treat the position with dignity, respect and an open ear. I promise, with your vote, I will be a Commissioner in whom you can be proud.

Thank you
for your support.
