Hello Tabitha, I just got notification of this email.

As for my late filing, I was unaware that there was a deadline for this because, the person who I reached out to for help after announcing my candidacy didn't inform me that I had to file. The day the complaint was filed Mr. Brain Wolk had emailed me regarding it, subsequently I did file when he told me that I had to file it. I've never applied to run for public office before. My Facebook account doesn't reflect my actual employment as well. Is the C-4 part of the F-1 filing or do I need to fill another form out?

I would love some guidance with the C-4. as long as I have a detailed way to file properly I can do it myself. Im sorry for any inconvenience this has caused.

Best regards
