Hello,

I am responding to the email sent to Debbie Treen which is below.

My name is Jim Goulding, and I am the treasurer for Debbie Treen.

This is the first time I have ever worked on a campaign.

I actually put in the information on both of the deposits.

They were my first two that I ever entered and I thought they were in the system. I apparently missed a step and did not write "I certify", so it did not actually get logged.

Debbie pointed this out to me as she did not see anything in the system. I went back in after viewing the learning modules for ORCA. I accidentally merged March and April. The \$150 deposit was from myself that I entered in March. The \$1200 deposit was from a supporter that I entered in April. Again, I entered them, but they did not get logged due to my error.

Being new at this I was trying to come up with the correct solution and merged the March and April through 4/25. These were the only two donations to the campaign at that time.

I then called the PDC to ask for help and inquire if I did correctly. They contacted me and I spoke with Mike from the PDC for over 30 minutes reviewing everything I did. He said it would be okay to keep them merged at this point, but going forward I need to make sure it is done properly.

I went back and reviewed several training modules and feel I know the proper protocol to make sure it is all correct.

Feel free to contact me if you want to discuss further.
