Hello Tabitha,

My campaign is entirely self funded. There is no sponser to disclose.

Do I still need to include additional information?

Regards,

My website is updated across all pages and I have reached out to a local printer about appropriately sized stickers to add to my existing signs.

For over 20 years, I've worked in operations, helping to manage a small logistics company. I know what it means to solve problems, manage resources, and keep things moving — skills I believe our city council needs now more than ever.

My wife and I found our home in Federal Way eight years ago. What we discovered here wasn't just a house — it was a community full of potential. That's the spirit I want to help strengthen: a city that works for everyone, with opportunity, safety, and smart growth at the heart of every decision.

I'm running to bring that vision to life — and I invite you to join me.

I finally received the stickers from the print shop yesterday and spent a few hours driving around last night making sure all of my signs are up to date.

Kind Regards,
