External Email

Dear Public Disclosure Commission,

Please find our responses to the three separate complaints filed by Conner Edwards under case number #175907.

July 11th

Thank you for your communication regarding the recent complaints.

After reviewing our records, we have amended our previous reports to accurately reflect expenditures and contributions for filing fees, PO Box, Website, door card quantity, and “paid for by”.

July 16th

Thank you for your communication regarding the recent complaint about the amenities associated with our campaign kick-off on June 28, 2025.

After reviewing our records, we have amended our previous reports to accurately reflect the expenditures incurred for the event.

Aug 6th

Thank you for your communication regarding the recent complaint about failure to timely respond to a request to inspect the campaign’s books during the 10-day window prior to the 2025 August primary election.

Upon receiving notice of this complaint, we reviewed all of our email accounts and discovered that the original message had been automatically filtered into our spam folder (see screenshot below). It was never our intent to ignore or delay a response. Unfortunately, the message was not seen because it had been flagged as spam.

All these adjustments have been made to ensure full compliance with PDC guidelines, and the updated information has been submitted for your review.

We are committed to maintaining transparency and adhering to all regulatory requirements.

Thank you for your understanding, and please let us know if there is anything further required to resolve this matter.

Sincerely,

Josh Binda

Lynnwood City Council Vice President
