

ILWU 19 PAC responded Wed, 27 Aug 2025

We have addressed the oversight named in the complaint. Due to staff vacations and workload in July, filing our June PDC report was unfortunately missed. As we usually only report interest earned on the bank account, this would not normally have been an issue, but June happened to be the month we cut our candidate contribution checks, so it absolutely should have been more of a priority. We have now filed C3s and C4s for the periods ending June 30 and July 31, so we should be up to date and in compliance. We have reset calendar reminders in our email system to ensure we do not miss any future filings. Please let me know what else we need to do to resolve this issue.

I guess I missed that drop down when I set up the campaign at the beginning of the year. So, now that I've fixed it, I do see the new dates for October C4s, but I don't see any new dates that I was supposed to file before the primary. Should I be showing anything there?
