Subject: PDC Case 176795, Monaco Group

Monaco Group:

The Public Disclosure Commission (PDC) completed its review of the complaint filed by Conner Edwards on April 18, 2025. The complaint alleged violations of RCW 42.17A.345 for failing to timely provide complete commercial advertiser books of account upon request.

Applicable Laws & Rules

RCW 42.17A.345 and WAC 390-18-050 require commercial advertisers to make their documents and books of account open for public inspection during normal business hours for five years following the election to which the records pertain.

Pursuant to RCW 42.17A.345, the documents and books of account shall specify: 1) the names and addresses of persons from whom it accepted political advertising or electioneering communications; 2) the exact nature and extent of the services rendered; and 3) the total cost and the manner of payment for the services. WAC 390-18-050 requires a copy of the advertisement or communication to be included in the information made available for public inspection.

WAC 390-18-050 further states that commercial advertisers can provide such information to the requester in person during normal business hours or by email or online publication.

Background & Findings

- Monaco Group (“the Respondent”) is a commercial advertiser that is listed in PDC expenditure records as providing political advertising services.
- The complainant stated they emailed the Respondent on April 15, 2025, requesting to view the Respondent’s commercial advertising books of account. The request was sent to an email address provided by the business for legal requests.
- PDC staff contacted Vince Monaco, of Monaco Group, to confirm receipt of the request. Mr. Monaco stated he did not recall receiving it. PDC staff forwarded it to him.

- After receiving clarification from PDC staff regarding the commercial advertiser inspection requirements, Monaco Group emailed the relevant documents to the complainant on Sept. 12, 2025.

Summary and Resolution

It appears that, prior to the complaint, you were not fully aware of what records needed to be available for public inspection for political advertising sold in Washington state. After being informed of the requirements, you did respond to the complainant's request with relevant documents.

Based on our findings, staff has determined that, in this instance, any violation that may have occurred was minor. After consideration of the circumstances, further proceedings would not serve the purposes of this chapter. Under WAC 390-37-060, the executive director, at any time prior to consideration by the commission, may dismiss a complaint which on its face, or as shown by investigation, provides reason to believe that a violation has occurred, but also shows that the respondent is in substantial compliance with the relevant statutes or rules, or shows that formal enforcement action is not warranted.

PDC staff is reminding you about the importance of the requirements under RCW 42.17A.345 and WAC 390-18-050. Staff expects that you will implement and maintain the process you described to identify political advertising, retain required records, and provide timely inspection of them.

Based on this information, the PDC has dismissed this matter in accordance with [RCW 42.17A.755\(1\)](#).
