Hi Tabatha,

I have amended the July C3 Report to include Wix's address. It is a foreign address, so it does not follow the typical US format.

I also amended the 21-day pre-General C-4 report (9/1 - 10/13) to include the number and type/size of the signs I purchased.

I also updated the description for Lamar to include the date range that the signs will be displayed.

In regard to the 2nd complaint, I have updated my campaign signs to include the sponsor information (including to the sign that was alleged to be missing the information). I don't know how old the complainant's photos are, so they would not reflect the updates I have done. All of my 4x8 and 4x4 signs have the sponsor information on them, as well as each of the small yard signs and billboards. If you need information regarding the sponsor information on the billboards, please contact Brian Patterson at Lamar Signs 509-489-4684. You may contact Nathan at 509-270-8801 at Signed Sealed Delivered regarding the stickers for the smaller signs. We've wet weather for the past few days, so I will make the effort drive around to ensure that the stickers are still on the signs.

Thank you for your help,

Martin Kolodrub
