Complaint Description
<u>Lillian Randy Slovic</u> reported via the portal Robo-text with no "paid for by"
What impact does the alleged violation(s) have on the public?
Richland Mayor Theresa Richardson sent robo-texts to members of the community urging them to vote NO on an initiative to elect some councilmembers from districts. She hasn't listed who paid for the text messages implying that it is the official position of the city.
List of attached evidence or contact information where evidence may be found
A copy of the robo-text is at the bottom of the communication.
List of potential witnesses with contact information to reach them

I will be voting yes because the people of Richland deserves a council that reflects all of us and our neighborhoods.

Did you know that 4 of 5 proposed districts have current council members representing them?

To be clear, $4 \neq 5$. Ignoring 20% of the city isn't representation, it's disenfranchisement. And funny how Ryan Whitten, Shayne, and Sandra don't list their actual addresses in the Public Disclosure Commission reports. As an average resident, I shouldn't need to file a FOIA request just to figure out whether someone speaks for my neighborhood. That's not transparency, it's obfuscation.

Hi, this is Theresa Richardson, Mayor of Richland. Ballots are out! Please pay attention to Measure #1 – it takes away your right to vote for the best candidate and limits you to voting by address. VOTE NO to protect your voice in all Council races!
